

Living Income Community of Practice Workshop:

Achieving a decent standard of living for smallholder farmers

A multi-stakeholder learning exchange on measurement and strategies for action

Dates: January 30 (Measurement) and 31 (Strategies) 2019 February 1 (Retailer Introduction) co-hosted with Oxfam Location: Bonn, Germany

There is tremendous momentum to address poverty in smallholder farming communities. This workshop will build on previous events and stimulate dialogue, collaboration and action towards addressing global poverty challenges through the concept of Living Income. The event will focus on 3 main goals:

1) promoting alignment on best practices of measuring living income benchmarks, actual incomes and the gap between the two;

2) exchange of learning on effectiveness of strategies to close income gaps; and

3) supporting exchange between sectors working on farmer income.

Day 1: Measurement to inform action – GIZ Offices

GIZ, Room Donau, Friedrich-Ebert-Allee 36, 53113 Bonn

Time	Session
10:00 10:30	Participants' arrival and workshop registration
10:30 10:45	Welcome and introductions Speakers: • Kristin Komives – ISEAL Alliance • Christel Weller-Molongua – Department Head of Rural Development and Agriculture, GIZ
10:45 11:15	 Introduction to the Living Income Community of Practice and work to date on measurement In this session we will introduce the objectives and main work areas of the Living Income CoP, frame how the workshop contributes to our overall aims, and explain how the Day 1 agenda fits into the CoP's objectives on measurement of actual incomes and living income benchmarks. We will also review key concepts and definitions, so that we are all using the same language throughout the day. Speakers: Kristin Komives - ISEAL Alliance Adam Romo – ISEAL Alliance
11:15 12:30	 BREAKOUTS: NUTS AND BOLTS OF A LIVING INCOME APPROACH Calculating living Income benchmarks – what we have learned and where we are going In this session, we will review what we have learned about applying the Anker methodology and aligning around living income benchmark in tea and cocoa, and drawing from lessons on living wage benchmarks also. After an initial panel discussion, we will break into discussion groups to dive deeper into where we stand on the key questions on use of Living Income benchmarks. Moderator: Stephanie Daniels – Sustainable Food Lab Speakers: Michelle Bhattacharyya – On-Up Friederike Martin – GIZ Noura Hanna - Rainforest Alliance Levison Chiwaula – University of Malawi Leonie Bruehlmann – Lindt Cocoa Foundation

	 Comparing actual incomes to living income benchmarks: exploring methodological questions Experience with and issues arising with comparing actual income to living income benchmarks, based on the West Africa cocoa and E Africa coffee experience. We will also be using this session to consider how the community of practice can create guidance on comparing actual incomes with living income benchmarks. Moderator: Roger Bymolt - Royal Tropical Institute (KIT) Speakers:
12.20	 Marcelo Tyzler - Royal Tropical Institute (KIT) Carlos De Los Rios - COSA Simon Brayn-Smith - Olam International
12:30- 13:30	Lunch break
13:30 15:00	Measuring and monitoring income change and setting income targets In this session we will dive into experiences that CoP participants have had in measuring and monitoring income change and setting income targets. We will provide an overview of various approaches to frame the discussion and then participants will have an opportunity to learn more about one of the three experiences presented.
	Moderator: Kristin Komives – ISEAL Alliance
	Speakers: • Cathy Pieters & Manuel Kiewisch – Mondelez • Carlos de los Rios – COSA • Henk Gilhuis – Rainforest Alliance/UTZ
15:00 15:30	Coffee break
15:30 15:30 17:00	Living Wage & Living Income: what are the common challenges and differences? This session is to 1) identify commonalities in challenges in relation to living wage and living income and 2) how our communities can help or work together in solving those.
	 In what way are you or your organization working on living wage and/or living income and why are both important for your organization? Which common challenges can you identify in working on living wage / income issues? How could our communities help / work together in solving those? Think of projects, guidance documents, etc
	Moderators: ■ Marthe van Andel & Isabelle de Lijser – Living Wage Lab (Fairfood & Hivos)
	Open Space sessions Open for others to hold their own conversations – additional room and flipchart.
	Announcement of Living Wage/Living income European Conference - Isabelle de Lijser, Hivos
17:00 17:45	Closing remarks
	Speakers: • Kristin Komives - ISEAL Alliance • Adam Romo – ISEAL Alliance
17:45	
19:00	Networking session: drinks and finger food

Day 2: Strategies for action – Basecamp Bonn In der Raste 1, 53129 Bonn <u>https://www.basecamp-bonn.de</u>

98-30 99-30 Patricipants' arrival and coffee 99-30 99-30 Welcome * Stephanie Daniels - Sustainable Food Lab 99-30 99-315 Speakers: * Stefan Schnitz - Deputy Director-General and Commissioner "One World - No Hunger" Initiative - German Federal Ministry for Economic Cooperation and Development (BM2) 8 Review Day 2 Agenda and links to Day 1 Framing the challenge and the approaches moving forward We will draw on recent research from the Mars Farmer Income Lab and the Living Income CoP to propose a framework for the day to track the interrelationships of strategies to improve farmer incomes. 09:315 Moderator: * Don Seville - Sustainable Food Lab Speakers: * Joost Guijl - Wageningen University ROLES AND LEVERS: How do different actors think about their role in living incomes and which strategies to employ?
