HOW-TO-WORKSHOP: REVISE AND IMPROVE YOUR PRESENTATION FOR THE MEETING

Myriam G.M. Hunink^{1, 2}, Jef Van Den Ende³,

¹Erasmus University Medical Center, Rotterdam, Netherlands, ²Dept of Radiology, Dept of Epidemiology, Center for Health Decision Sciences Harvard School of Public Health, United States, ³ Institute of Tropical Medicine, Antwerp, Belgium

Course Description:

After an introduction to presentation skills, everyone will have the chance to work on their own presentation while the teachers walk around to help them. Participants will have the opportunity to give their presentation which will be followed by commentary with tips and tricks for improving their presentation. We will wrap up with a list of take-home points.

Equipment:

Participants are expected to come with a laptop and a prepared presentation.
