### ACTIVITIES

I have helped keep the budget within the tax cap for most of the past 12 years.

I have written over \$30,000 in grants for the town.

I worked hard to reinstitute junk amnesty day.

I helped write several laws and have edited many different kinds of documents.

I'm hoping to continue the work I've been doing, obtain larger grants for bigger projects, and attempt to help solve problems within the town like ambulance coverage.
