<b>GGP6000DB</b>	6" (152 mm) Dark Brown GutterGuard	13

10' (3 m) Lengths

### Application:

GutterGuard Pro<sup>TM</sup> is a one-piece unit, made of heavy duty UV resistant PVC. It's designed to easily slip under the shingle and snap into place without any fasteners allowing for reduced installation time and less parts to inventory. The drip edge removes water from the gutter eliminating unsightly streaks. Ends are trimmed – precut for easy overlapping of each 10' section.

### Specification:

GutterGuard Pro<sup>TM</sup> shall be Plastic Components, Inc. #\_\_\_\_\_. All exterior accessories shall be of PVC material conforming to ASTM standards D1784, C1063 and D4216. They shall be used where specified by the architect and installed per industry standards.
