

DEFIBRILLATORS FOR PUBLIC USE

In partnership with a number of companies, The SBF have arranged for defibrillators to be placed at strategic points around the estates. They are located on external walls, easily accessible and available for public use 24 hours a day.

HOW IT WORKS

There is a code on the defibrillator cabinet. In an emergency, give this code to the ambulance service when you dial 999. They then give you a code to open the cabinet and allow access to the defibrillator and full instruction for use.

THE CABINETS ARE LOCATED AT:

- 2** English Rose Collection
9 Kingdom Close
Segensworth East
PO15 5TJ
- 3** MB Air Systems
10 Fleming Close
Segensworth East
