## Family Day

Wednesday August 14, 2019

### IT IS TIME FOR ME TO TELL MY STORY!

Of all the millions of people in the world, no two stories are the same. Our personal experience is what counts.

From my earliest vivid memories to my words today, happy songs from my childhood, to stories told to me by my parents, aunts, uncles and friends, my teen years with family and friends, responsibilities of adulthood and now living in Canada, its time to recall my incredible journey.

This family day, don't miss this great opportunity! We have put together a wonderful program to have our Hakka youth work with members 55 year and older to document their personal stories in DVD format for individual families. There is a small donation to Tsung Tsin for preparing the DVD's.

To help you get started, we have prepared some talking points for the occasion.
