Strive To Be

Waste Free

Reuse:

- Durable Forks, Spoons, and Knives
- Cloth Napkins
- Refillable Drink Containers
- Reusable Lunch Containers

Recycle:

Bottles, Cans, Plastic

Food Scraps

Paper Bags

Why Pack Waste-Free?

Did you know that a person creates an average of 4.5 lbs of trash per day? By reducing the number of items in your lunch that must be thrown out, or only using those that can be eaten, reused, recycled, or composted, you can:

-  Prevent pollution
-  Conserve natural resources
-  Save energy
-  Reduce the need for disposal
-  Be an environmental steward and make a difference in your environment and the environment of the future

What You Can Do to Help:
Reduce • Reuse • Recycle

Pack Waste-Free and Healthy

Use the examples from Monday, Tuesday, and Wednesday to create your own waste-free and healthy lunch menus for Thursday and Friday. You can pack sandwiches, leftovers from dinner, fruits, veggies, juice, or anything that you think is healthy and waste-free. If you put items that need to be refrigerated in your lunch, be sure to include a reusable ice pack in your lunch box or bag. Make sure to pack only what you can eat, reuse, or recycle. And, your school might even have options to compost your food scraps.

Monday Menu

Lunch bag..... Reuse lunch box or bag

Grape juice..... Recycle plastic bottle

Tuna sandwich..... Reuse container
