

an **EXPERIENCE** for the palate

What makes a great lunchtime spot? Is it the fast and friendly service, the amazing food or the ambience? For many, it is all of the above. For others, sometimes you're just daydreaming of a succulent steak on a miserable Monday. All these factors are why people living in Sea Point and the surrounding areas flock to NV-80.

In addition to a great dining experience, NV-80 offers an even greater lunchtime experience. Here are two reasons to sit down at Sea Point's 'it' spot.

The atmosphere will rejuvenate you

If you're looking to escape the confines of the office, the atmosphere at NV-80 will lift your spirits and help you relax. The 'mood' at NV-80 could be described as an amalgamation of the bright colours of Cuba and a vintage hotel room – a combination that works well. To top it all off, you'll be greeted by the friendliest staff.

Their lunchtime meals are pretty special

Lunchtime is the perfect time to refuel and boost productivity for the second half of your day. To help with this, you need a lunch that will excite and replenish you. Needless to say, NV-80's lunchtime dishes are one-of-a-kind and mouth-watering. From 12 – 3pm every day, you can enjoy a range of shellfish and have your pick of any seafood dish. If you're in the mood for pasta, try out the Mediterranean vegetable risotto or the seafood linguini, thyme and Riesling – which is only served during lunch hours.

For a light meal, try the **Goats cheese salad with roasted tomato, beetroot and marinated cucumber** or the **Thai beef salad**.

To further elevate the lunchtime experience, NV-80 also offers a special menu for business lunches. Available from Monday – Friday, you can clinch that sales deal or new client by wooing them with some fine food.

The 2-course meal will cost you R149 while a 3-course meal is priced at R189 – a small price to pay for an exquisite meal experience. Starters include **mussels steamed with a light wine with garlic, thyme and a cream sauce**.

If you'd like to keep it simple (and perhaps prepare your appetite for the main

course), then try the delicious roast tomato soup. For the main meal, treat yourself to queen prawns with your choice of rice or salad. If you prefer the classic, then we suggest you try the good ol' 200g beef burger with fries.

The above is just a teaser of what to expect during lunch. You are provided with an array of tasty options and each meal will delight your tastebuds. So whether you are dropping in for a delicious lunch or looking to enjoy an afternoon cocktail, NV-80 is a great option. Now excuse us while we head off to enjoy an exquisite steak.
