JOIN THE FIGHT FOR A PUBLIC BANK

Public money should work for the public good. With an NYC public bank, we can transform our economy, build community wealth, and advance economic, racial and environmental justice.

Together, we can support:

- Community-owned renewable energy
- Worker & financial cooperatives
- Small & minority/women-owned businesses
- Fair banking in low-income neighborhoods
- Permanently affordable housing
- Union & living-wage jobs
- And more!

ARE YOU IN?
