# Actors across sectors and disciplines co-create value during the whole research and innovation process

How Laurea Learning by Developing (LbD) action model boosts Open Science principles

Laurea Learning by Developing (LbD) action model

## OPEN SCIENCE POLICY PLATFORM RECOMMENDATIONS:

https://ec.europa.eu/research/openscience/index.cfm?pg=open-science-policy-platform

## EXAMPLES OF HOW HIGHER EDUCATION INSTITUTION APPLIES OPEN SCIENCE RECOMMENDATIONS

| OPEN SCIENCE POLICY PLATFORM RECOMMENDATIONS | | EXAMPLES OF HOW HIGHER EDUCATION INSTITUTION APPLIES OPEN SCIENCE RECOMMENDATIONS |
|---|---|---|
| Rewards and Incentives | | Our aim is to create an open data based merit system |
| Research Indicators and Next-Generation Metrics | Laurea LbD action model provides students and staff with open science skills and considers students as citizen scientists | |
| Future of Scholarly Communication | | Our aim is that all students and staff members make their data and software (i.e. excluding, if relevant, data owned by third parties, etc.) FAIR (Findable, Accessible, Interoperable and Reusable) |
| European Open Science Cloud | | In progress with IT Center for Science Ltd. (CSC) |
| FAIR Data | | Laurea Lbd gives credit for Findable, Accessible, Interoperable and Reusable (FAIR) data resulting from education and research work |
| Research Integrity | | Laurea promotes research integrity in both research and educational activities, including the ethical, legal and social implications of their research practices. |
| Skills and Education | | All researchers and students at all levels will have training and an opportunity to earn accreditation on OS, including data literacy, ethics and research integrity |
| Citizen Science | | Laurea LbD action model illustrates Citizen Science, and Lbd projects aim at actively applying the principles of Open Science (including openness and reuse of all research outputs, data and publications). |
| | | Laurea promotes infrastructures and human capacity to create a supportive and open environment for Citizen Science (Living Labs). |
