5. Tulbaghia 'Silver Lace' - H 30cm x S 30cm
6. Tulbaghia 'Fairy Star' - H 30cm x S 20cm
7. Tulbaghia 'Galaxy' - H 40cm x S 30cm

FEATURES:

- Very hardy, clump forming perennials.
- Ornamental, evergreen foliage for year round interest.
- Long flowering - from spring through to late winter.
- Low water requirements.
- Easy to grow with minimal maintenance.

SUGGESTED USES:

- Informal edging or mass planting for difficult sites.
- Container and mixed planter displays.
- Ornamental addition to cottage or herb gardens.
- Fast growing for new gardens.
- Rockeries or retaining walls.
- Country or cottage style gardens.

CULTURAL CARE

Grows well in most soil types and is tolerant of both wet and dry conditions. Water requirements are low once established requiring only occasional deep watering during extended periods of heat. Pruning generally not required although if you wish to rejuvenate an older clump - shear back to ground level and fresh new foliage will appear in 6-8 weeks. Apply a slow release fertiliser during early spring for optimum results.
