

Chris Fewtrell

FOR SOUTH STAFFORDSHIRE

Chris Fewtrell is a television writer and former journalist. He and his family have lived in the constituency for the last seventeen years and he greatly fears the impact Brexit will have upon the jobs and livelihoods of ordinary families in South Staffs. He says, "Like most people, up until a few years ago, the role of the EU in our national life wasn't something that greatly preoccupied me. When the Referendum was called, I considered relevant opinion – economists, business leaders, national security experts and so on – and it became very clear that our future prosperity and security were best served by remaining in the EU."

Brexit will be a catastrophe for this country and for South Staffordshire. Just look at the economic damage it's done already.

Johnson's deal is even worse than May's! It'll make all of us poorer and threaten environmental protections, workers' rights and food standards. Everything from chlorinated chicken to our NHS will be on the table when we go cap in hand to Donald Trump for a trade deal.

SMALLER IN 10 YEARS THAN
IT WOULD BE IN THE EU

None of this will 'get Brexit done' as Johnson claims. We'll be locked in trade talks with a host of other countries for years. The Brexit nightmare will go on and on and on...

If the Tories win, No Deal's still a strong possibility, risking food and medicine shortages and a spike in inflation and unemployment. Yet Gavin Williamson says "We have nothing to fear" from No Deal!

ALL THINGS TO ALL PEOPLE - NO USE TO ANYONE!

Veteran Eurosceptic Jeremy Corbyn says he'll spend months renegotiating a deal with an EU heartily sick of the Brexit fiasco. He says he'll then put *his* Brexit to a referendum. But he won't say if he'd back his own deal or Remain!

Sick of Brexit? WE ARE TOO

The only way to *end* Brexit is to *stop* Brexit. Give us a majority and we'll do this on **DAY ONE**. We'll then use the £50 billion Remain Bonus to tackle the issues you really care about, with a dynamic, deliverable and sustainable programme of investment and renewal.

An *achievable* commitment to net zero greenhouse gas emissions by 2045 - with a 75% cut by 2030 - in line with Friends of the Earth and WWF targets.

We'll reverse Tory education cuts with an immediate cash injection of £2.5 billion. School funding in Staffordshire and Wolverhampton has been slashed by £93.6 million since 2015.

A penny on income tax, generating a dedicated £6 billion a year for the NHS and Social Care.

£17 billion from our infrastructure fund to build new schools and hospitals and modernise existing facilities.

We'll restore youth services and community policing to tackle the street violence epidemic. Knife crime in Staffordshire has risen by 93% since 2010/11, with an 80% increase nationwide since 2015.
