Conditions of Authorisation:

T2-25 Truck signs shall only be displayed when construction vehicles are accessing / egressing the site.

The contractor shall only install or display (or to interfere with, change or remove) a prescribed traffic control device during the authorised working times. Prescribed traffic control devices shall be fully covered or removed at all other times.

Prescribed traffic control devices authorised under this TTM application shall be installed or displayed (changed or removed) by a competent person who holds the NSW Roads and Maritime Services **Apply Traffic Control plans** certificate or other State based Road Transport Authority equivalent training.

The contractor shall notify Roads ACT when all public road closures including any footpath closures have been removed. This notification shall be sent to tccs.ttm@act.gov.au

The principal contractor shall ensure that all directly affected businesses / residents have been advised in writing regarding these works and the traffic management arrangements which will be required. This letter shall include the principal contractor's details as the point of contact for any enquiries in relation to this project.

Access to businesses and residential properties including any driveways shall be maintained at all times unless agreed to otherwise with the property owners prior to works commencing.

Where pedestrians including people with disabilities or visual impairment have to move through, past or around a work site or to cross the road within a work site they shall be provided with and directed to suitably constructed and protected temporary footpaths and crossing points or formal pedestrian crossings or refuges if warranted.

A Use of Public Land Application for Construction Activities will be required from TCCSD, City Services, Licensing and Compliance unit prior to any works commencing. This work approval is granted for the following work activities only:

- Installation, modification and removal of traffic control devices in accord with an authorised temporary traffic management plan.
- Excavation and construction on public unleased land

Note: All other land use requirements, such as material storage, site compounds and parking bay use, that require the use of public unleased land are likely to attract additional land use permits and associated fees. For further information please contact the Public Land Use Unit on 6205 8794 for further information.

Construction vehicle access / egress shall not be permitted through designated school zones during the peak school drop off / pick up times of 8.15 am-9.00 am and 2.45pm – 3.30 pm on school days.
