***Thursday, September 19, 2019 \* 6 PM - 8 PM***

*Oconomowoc Community Center  
220 W. Wisconsin Avenue  
**LOWER LEVEL***

## **AGENDA**

1. Water Quality Monitoring in our Lakes and Rivers.  
Learn the ways we can monitor our waters. From water clarity to excess nutrients to the detection of Starry Stonewort infestations. Best methods, equipment and record keeping for Citizen Science and professionals. Learn how to analyze the data and formulate action plans. **Then we will move outside to the shore and dock for the AIS portion of the presentation.**
2. Time to share updates, activities and challenges encountered on our waters/ summer of 2019.

*Light refreshments provided.*
