

**Destination®  
Doorglass Collection**

**Your destination.**

**A place you want to be.**

**A place that puts you at ease.**

**A place that draws you to it.**

## **Destination Home**

Trends in home design and architecture, including entryway and door designs, show an increasing desire for minimalist styles. People are looking for clean and simple doorglass options with both linear and organic patterns. They desire doorglass designs that offers both visual privacy and access to natural light. Destination doorglass patterns offer a balance of the two; they filter glass for privacy without filtering light.

Though trends in home design change over time, one thing stays the same: A person's home is their sanctuary. It's the place where you can shake off a busy day, relax with a book, and welcome family and friends; where you are surrounded by things that make you feel good, that reflect who you are. Home is the place you want to be, your favorite destination.

## **Destination doorglass for entry doors makes coming home just a little nicer.**

ODL's Destination line reflects the trends we are seeing in home design and entry door/doorglass preferences. Four doorglass styles have higher levels of privacy, and each offers a unique minimalist design. Unique because your home and your style are your own. Just like the destination that draws you to it.
