Arch Lite Double Doors

GLASS★CRAFT®  
DOOR COMPANY

THE FIBERCRAFT® COMPOSITE ARCH LITE DOUBLE DOORS

INTRODUCING: An Industry First Innovation in Entry Doors

Finally, a premium line of Composite Arch Lite Double Doors that offer a wide range of design options at reasonable pricing. Available with Wrought Iron, SDL and Privacy Glass options, plus Windstorm Rated and Impact Rated options with various glass textures to choose from. Here are some key features that offer value unlike any other in the market:

- **Door styles:** Arch Top and Square Top Arch Lite double doors
- **Impact & Windstorm:** Available with various glass texture options, including Clear, Water, Large Flemish, Reeds and Rain.
- **Prefinish Options:** Estate and Artisan finish options that feature truly authentic looking wood grains and beautiful stains. See pages 4-9 of the FiberCraft catalog for photos of GlassCraft's factory finish options.
- **Decorative options:** V-Grooved panels and clavos for classic rustic design.
- **Glass Options:** Available with Clear, Water, Large Flemish, Reeds, and Rain. Exception: SDL is not available with Flemish glass.
- **Design Options:** **Privacy Glass**, Wrought Iron, and SDL with various glass textures.

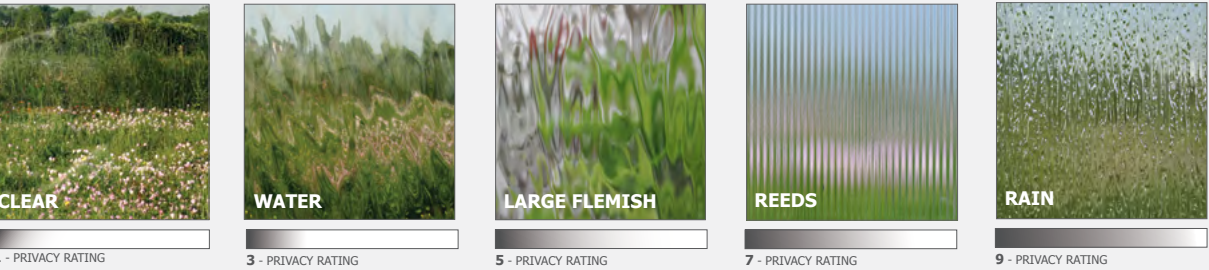

Impact Rated and Coastal Windstorm Approved

GlassCraft Premium Fiberglass Composite Arch Lite Double doors and entryways have been evaluated for compliance and are approved for installation in designated catastrophe areas along the Florida and Texas coastal areas when installed as required and as specified in the International Residential Code (IRC) and the International Building Code (IBC). Privacy, Wrought Iron Grille, and SDL doors are available with Windstorm and Impact approvals. More information is available at [www.glasscraft.com](http://www.glasscraft.com).

Glass Options for Arch Double Doors

Choose from five different glass texture options to complement your FiberCraft Arch Double entry door with glass-only option or the wrought iron grille option. SDL Divided Lite doors have 4 glass options (no Large Flemish option on these SDL doors). The glass textures shown here are produced using a tempered double IG (insulated glass) unit to provide safety, security, and energy efficiency. The capacity to see through the glass panel varies depending upon the glass texture chosen. The higher the privacy number rating, the more obscure then visibility. Please note that all glass panels in this brochure have a visible glass width of approximately 21 inches, regardless of the width of the door.

See page 12 for more options and information.

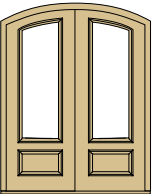

Arch Top Arch Lite Cherry, Knotty Alder, Walnut, Mahogany Double Door 8'0" Tall

MORE PREMIUM OPTIONS for FiberCraft Arch Lite Double Doors

SIZES & DOOR CONSTRUCTION

All of the Arch Lite Double entry doors are 8 feet in height, and are either 32” wide (for a 5’4” wide entry) or 36” wide (for a 6’0” wide entryway). Door hardware for the 32” wide doors must use a 2-3/8” backset only.

These doors are constructed with our Premium Fiberglass door construction method, including our RealGrain Technology and our patented BioFoam® core. Doors are available as door slabs only, or as pre-hung entryways. We use only 100% composite components (no wood) for the door frames for these pre-hung units. See FiberCraft catalog pages 3, 14-15 for more information.

Doors with wrought iron grilles feature real wrought iron grilles and textured or clear insulated glass panels. The grilles are powder coated in an Antique Black color. GlassCraft has multiple patents on this unique product.

Divided lite SDL (Simulated Divided Lite) doors utilize exterior bars that are 1.25” in width on both sides of the door, plus internal muntin bars inside of the glass panel to simulate a true divided lite appearance.

V-GROOVE OPTIONS

GlassCraft’s Premium Arch Double fiberglass doors are available with or without a V-Grooved lower door panel. This popular detail adds a more rustic appearance to the door. Both options are the same price.

DECORATIVE CLAVOS OPTIONS

Use the decorative door Clavos (door nails) for installation onto the face of a door to give it a rustic or antique look. Clavos can be mounted on the interior, the exterior, or both sides. These clavos are hand-made and therefore vary slightly. Clavos are shown on page 16 of our master FiberCraft® catalog.

Door panel with V-Groove and Clavos options (clavos shown below)

FACTORY FINISH OPTIONS - Looks so good, you’ll think it’s wood®

Choose from 31 color finish options and 6 wood grains in Estate and Artisan collection finish options. See FiberCraft catalog pages 4 - 9 for photos of GlassCraft’s factory finish options.

GlassCraft’s Estate and Artisan Finish Collection features the most authentic wood grains and wood appearance unlike any other fiberglass doors in the market. **Estate** is available in 3 wood grains and the **Artisan** is offered in 4 wood grains and a wide variety of Antique and Distressed finish options. Each finish features realistic wood grain details matched with beautiful stains. No other composite fiberglass door available looks this good!

Looks so good, you’ll think it’s wood!

Estate Collection® Finish

Artisan Collection® Distressed

Artisan Collection® Antique

**Please note:** The prefinished photos throughout this catalog offer an indication of the final appearance, but due to variations in the texture, grain, and color of the fiberglass finish, the actual appearance will vary.

DOORS ONLY List Prices for FiberCraft Arch Lite Double Doors

Prices on these pages are for GlassCraft Door Company’s FiberCraft Arch Lite Double Door brochure. Pricing on this page is for the slab doors only (no prehang). Pricing on the next 2 pages is for prehung doors. **Please note** that unfinished doors in his series (slab or prehung) are available in Cherry or Mahogany only. Walnut and Knotty Alder doors are available prefinished only. Impact Rated doors are available pre-hung only. Please refer to GlassCraft’s [FiberCraft Premium & Pro Composite Entry Door](#) catalog and price list booklet for more information.

PREHUNG List Prices for FiberCraft Arch Lite Double Doors

List pricing below is for assembled “pre-hung” door and entry units. Pricing and the Pre-Hung Entryway includes 4-5/8” composite jamb legs, header, in-swing adjustable or out-swing continuous adjustable threshold, ball-bearing hinges (color choices available), and weatherstrip. Plus T-astragal and flush-bolt. Prices are listed for both unfinished and prefinished doors. (Hardware bore not included but available). Pricing for 32” and 36” wide doors is the same.

Options for these pre-hung entryway units are listed at the bottom of the next page.

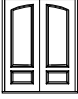

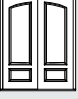

Please note that unfinished doors in this series (slab or pre-hung) are available in Cherry or Mahogany only. Walnut and Knotty Alder doors are available prefinished only. Impact Rated doors are available pre-hung only. Please refer to GlassCraft’s [FiberCraft Premium & Pro Composite Entry Door](#) catalog and price list for more information.
