"What's on Tap?"

SPONSORSHIP

TCWN partners with local breweries for "What's on Tap?" nights to fund the fight for clean water in Tennessee.

In exchange for (suggested) 5% of sales from 5-7p on any Tuesday or Thursday, a representative of TCWN will greet guests with fun facts about water - and give away stuff!

1/2 of TN streams are polluted
1/3 of TN lakes are polluted

What can we do about it?
Sponsor a "What's on Tap?" night!

Email info@tcwn.org.

TCWN will promote both your name and logo on its website, in its e-news, and in all event media.

info@tcwn.org

You can't make great beer without clean water.

Brewers need clean water.

Tennessee Clean Water Network is the only statewide organization solely devoted to water quality. With the help of a network of individuals, organizations, and agencies, TCWN identifies, prevents, and remedies water pollution in Tennessee.
