The sun transits one circle of 360 degrees of the zodiac in a whole year. To analyse the results for a specific year of your life, a horoscope is cast for the time when the Sun in transit reaches exactly where it was at the time of your birth. This horoscope is used to predict events and foretell your life for that particular year. The annual or progressed horoscope is similar to that of the Siderial Solar Return chart in Western Astrology.

Varshaphal is also known as the Tajaka or Tajik system of astrology. Of the many writers, Nilakanta and Kesava are the two great authors who have written elaborately on the Tajik system.

The annual horoscope analysis and predictions given here are based on the principles of the Tajik system. The point called Varshapravesh, is the entry into the new year and has great significance. This is calculated as per the elaborate methods suggested in the ancient texts. The day of the week of your birth, is also considered for Varshapravesh. Apart from the ascendant in the annual chart, called Varsha Lagna other important influences analysed are that of the Muntha, the Lord of Muntha and the Lord of the year.

There are wide differences in rules, for judging a horoscope under the Parasara system and the Varshaphal. The set of rules for aspects and combinations in the two systems are distinct. The strength of the planets are ascertained by Panchavargiya Bala rather than Shadbala, as in the Parasara system.

In the foregoing analysis, you can see that the effects of various factors are sometimes contradictory and at times reinforcing. While some unfavourable influences are neutralised by favourable factors, often you will experience all these at least partially at sometime during the year. An overall judgement of the year ahead is given at the end of each annual forecast.

Please remember that the Varshaphal period covers an entire year from the day of Varshapravesh, which is approximately from one birthday to another.

The predictions given here are indications of the fortunes ahead and you can surely surmount any hard times, by your diligence, will-power and the grace of God.

## Effect of Muntha

Muntha is a sensitive point in the annual horoscope. Muntha moves by one rasi per year from the birth ascendant. The position of Muntha in the annual chart has a significant effect on the results one can expect during the year.

Muntha is in the eleventh house. During this phase, you will not worry much about your health. You will spend more time in the company of your friends and relatives. You will enjoy the times you spend with your family. Young children could bring in good news. Some of your secret ambitions could come true. Important and senior people could feel positively towards you. A long standing problem will suddenly get sorted out, much to your pleasant surprise.

## Lord of Muntha

The lord of the house where Muntha is placed is called Munthesh, the Lord of Muntha. The effect of Munthesh is only secondary to that of Muntha.

In this case, while Muntha is placed well, the Lord of Muntha is in an unfavourable position. This nullifies some of the good effects given by Muntha. Also, some difficulties will be experienced during the year.

Munthesh is in the sixth house. For you, this year, the position of Munthesh indicates some periods of defeat. It could be within your work environment or at clubs or associations. At this stage of your life, some losses could come to you. There are periods of ill health, too coming up. So do try to take a break away from your schedules. Do not get upset, if any difficulties come your way. Face them bravely and this year will go on just fine.

## **Lord of the year**

Varsheswara, the lord of the year is selected based on various factors as shown above. The lord of the year has a significant influence on the events that unfold during the year. The strength of the planet is also an important consideration.

Saturn is the lord of the year and is strong. This year, you have a chance to acquire some land or property. You could get money from foreign sources. However, watch out if you make new acquaintances among vicious people. Avoid the temptation to make money through illegal means. This is not a period you can depend too much on others. Try doing more things on your own. There could be an enhancement of your status at work or in society. You will have victory over your adversaries. And prosperity is sure to be yours through the hard work you put in.

## **Birth Lagna**

The position of birth lagna in relation to varsha lagna has special significance.

Birth lagna is the annual fifth house. During this coming year, you will be a fortunate man, with happiness and peace of mind. Marriage or new relationship could be coming up. You will experience the pleasure of fondling newborns. You will achieve success this year, on the basis of your hard work.

## **Planets in houses**

The effects due to the position of planets in different houses of the annual chart are outlined below. These influences modify the intensity of good and bad results forecast based on the parameters analysed earlier.

Moon happens to be in the third house. This indicates benefit to brothers, secret pleasures, good income and increase in prestige.

Sun is placed in the fifth house. This indicates unpopularity with the public, trouble in disputes, doubtful decision making, suffering for children, sickness and financial tightness.

Mercury is placed in the fifth house. This is a good indication for children, acquisition of wealth, success in all efforts, loyal servants and befriending persons in high walks of life.

Venus occupies the sixth house. This points to unexpected disputes with the public, persecution by enemies, severe head ache and mental worry, digestive complications.

Mars is seen in the second house. This indicates loss of wealth, eye trouble, death in the family, trouble due to harsh and rash speech and disputes with close relatives.

Jupiter occupies the eleventh house. This indicates costly and rare acquisitions, beginning of prosperity to children, cordial relationship with political high ups.

Saturn is in the first house. This points to health problems, trouble through government, distress due to spouse or lover, obstacles and dejection.

The eighth house is occupied by Rahu. This indicates diarrhoea or high fever, undesirable happenings and events.

Ketu is positioned in second house. This points to health and wealth problems.
