"This is a beautiful book; not just the writing, but the original artwork that is interspersed throughout the text ... I loved her application of evocative and original figurative language and vivid sensory details to create a sense of place that captures the awe-inspiring and magical natural beauty of seasonal New England." - J Greenbaum, Amazon Review

"Holley Hill captures the reality of growing up in a dysfunctional home with breath taking prose interspersed with a strong narrative voice. You can feel her heart and her hope. This unique book represents a life's work of original journal entries and art. If you loved the Glass Castle by Jeannette Walls, you will find this book equally a compelling story."

ABOUT THE BOOK

In this hybrid collection of genre-bending, heart-wrenching memoir, Hill recounts the eden-like natural world of rural New Hampshire as seen through the eyes of a child, and the deterioration of that magical place as her family life begins to unravel from within.

Hill's work uses poetry and prose to explore sense of place, familial dysfunction, and the slippery nature of consciousness, accompanied by Hill's original collages and actual diary entries from her childhood.

HOLLEY M. HILL

Poet, Artist, Memoirist

Holley M. Hill (not her given name) grew up in the wild woods of New England. In 2010 she earned a dual Masters in Education and Library Science and has worked as a teacher, librarian, and artist. She lives in New England with her husband, Michael, and her daughter, Jane. She spends her free time reading, singing, and making art.
