

# GUM ARABIC 14 BE

## 14 Be Pure Micro-Filtered Gum Arabic

Allied uses the highest of quality Gum Arabic 14 Be. Blended with purified water and micro filtered to ensure no contaminants. A food grade biocide is added to ensure long-term quality and freshness is maintained. Gum Arabic 14 Be is an important material used in the print industry.

- High quality/Micro filtered
- 100% Pure
- Metal plate protection
- Eliminates plate sensitivity

### Direction For Use:

**On Plate by Hand:**

Pour a liberal amount of Allied Gum Arabic 14 Be onto a damp sponge or shop towel and wipe evenly over entire plate for storage. Dilute if necessary.

**On Metal Metering Roller:**

Clean built-up ink off metering roller, pour Allied Gum Arabic 14 Be onto a clean sponge or shop towel and wipe metering roller with a side-to-side motion until entire roller has been treated. Allow to dry before restarting press. This will ensure a water attractive metering roller.

**A Fountain Additive:**

Add to pre-mixed fountain solution in increments of one ounce per gallon to eliminate scumming problems and keep reverses open.
