

DYNAKLEAN

Deep Roller Cleaner

Dynaklean is a high performance, deep extracting roller cleaner. Dynaklean is formulated for quick color changes from light to dark inks. Dynaklean provides the ideal balance of ingredients to remove contaminants and condition lithographic rollers. Dynaklean improves overall ink and image transfer.

- Deglazes, deep cleans and conditions
- No petroleum distillates
- Base conditions rubber rollers
- Removes all contaminants
- Low odor
- Compatible with conventional & UV inks

Direction For Use:

Wash up with a typical Allied Roller Wash to remove ink.

Apply a liberal amount of Dyaklean to the top roller to wet the entire roller train. Allow Dynaklean to oscillate throughout the roller train for 5-10 minutes, allowing for embedded ink pigments to become extracted. When completed, remove Dynaklean with a final roller wash rinse.

Specifications:

VOC Content	0.06
VOC Grams Per Liter	7.1
Flashpoint	None
Color	White
CA. Compliant	Yes

Available In:

Product Code	Unit	Case Qty.
10061C	1 Quart (0.946 ltr)	6
10061D	1 Gallon (3.785 ltr)	4

Air Quality Management District Compliant
