

LIQUID SOLUTIONS

EXPERTS IN LIQUIDS PROCESSING FILTRATION AND BOTTLING

Product ref. LA – 11

Date: 29/01/19

Best By / Lot number 'date gun' labeller

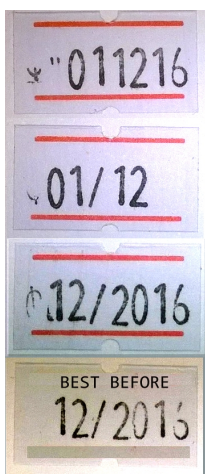

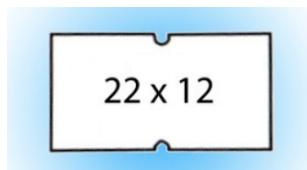

Low cost, simple method to apply 'best before' date or a lot / batch number.

The dating guns are supplied with spare ink roll and 1,000 blank labels.

7 character print capability, e.g. 08/2016, 31/08 , 1234.56, 1234567 and takes 22 x 12mm labels.

Pre-printed 'Best Before' labels are also available.

Legality in U.K. - a date/ batch number may be applied to the base of a bottle/container but there should be a reference to its position on the main label. Otherwise, should be in the same field of vision as the other mandatory information (name of food, address, quantity). Check with the relevant authority (e.g. Trading Standards) beforehand.

colours may vary
