TechCred Program

AT CLARK STATE COMMUNITY COLLEGE

Upskill your workforce through TechCred!

What is TechCred?

The TechCred program is designed to train incumbent workers for in-demand jobs in Ohio. The goal is to build a stronger workforce in our technology-infused economy.

Financial Awards for Employers Available!
In partnership with a training provider like Clark State, employers can apply online to be **reimbursed up to $2,000*** of training costs once the employee has successfully completed a credential. Qualified credentials must be short-term (less than one year to complete), technology focused and industry recognized.

*$2,000 per employee, up to $30,000 total available per funding round.

Begin TechCred today!

Local businesses can begin the Ohio TechCred process by visiting **https://techcred.ohio.gov** to apply today! Applications are currently being accepted through **Thursday, October 31, 2019.**

Employers must identify employees to be trained, the certificate programs and the training partner — Clark State Community College. **If you need any assistance or information to finish your application, please contact us today!**

TechCred at Clark State

Clark State currently offers certificates that align with the TechCred program in the areas of:

Healthcare
Electrocardiography Certificate
Healthcare Information Technology

Information Technology
