

## June 1st Portland Stone Carvings

The group took the scenic route to Weymouth.

As the weather was so good we just had to stop for a famous Rossi's ice cream!

After our refreshing treat we made our way to Portland Prison for the spectacular views and architecture.

The the stone carvings were next, (not too far) very impressive.

Finally, took the coast road to Bridport and out through Salway Ash to Crewkerne and home.

A great afternoon with like minded people.
