

IMBER April 20th 2019

Glorious weather to start our day.

Gathered at Asda car park before making our way towards Imber picking up on the way.

Travelled over Salisbury Plain with fantastic clear views.

Imber itself was very interesting in its isolated location.

After viewing the church (for a coffee) and the buildings, we made our way through Tilshead to COPEHILL a replica German village used for training.

On the way back we stopped at Stonehenge for the obligatory comfort stop and an ice cream!

I hope a good day was had by all:-)
