Webcam verification is very easy.

Firstly, if you have a camera in your laptop, make sure you enable access to the webcam. This should happen automatically, but you might get a pop-up window asking for permission.

Please click on 'Allow' (next page).

If you don't have a camera, you can use your mobile phone, but you will need to download our mobile app. It's very simple!

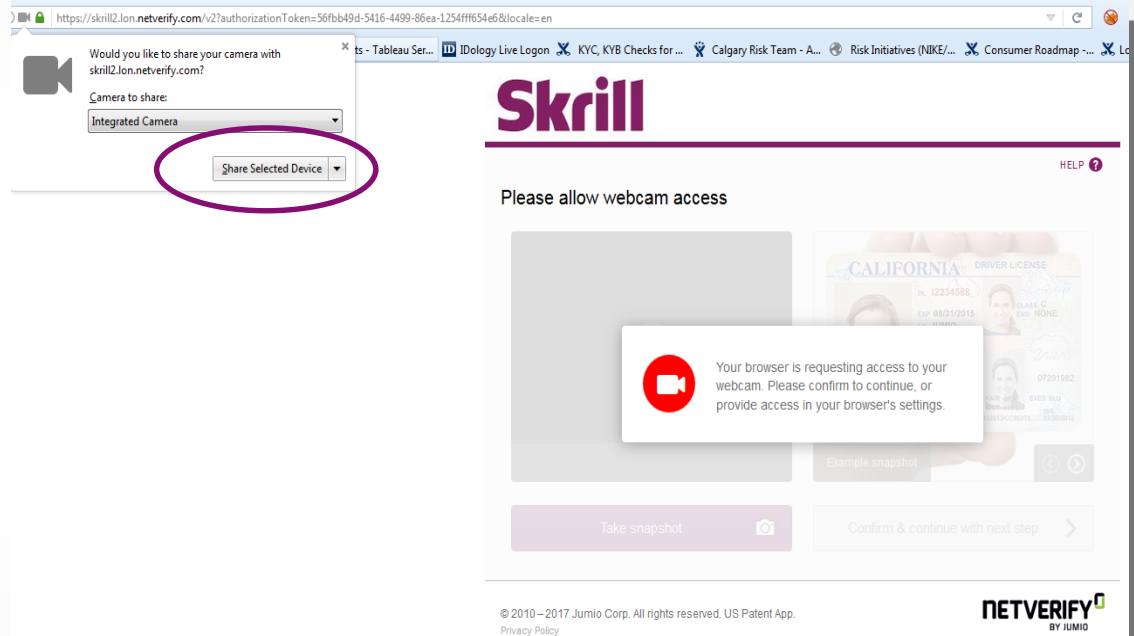

3

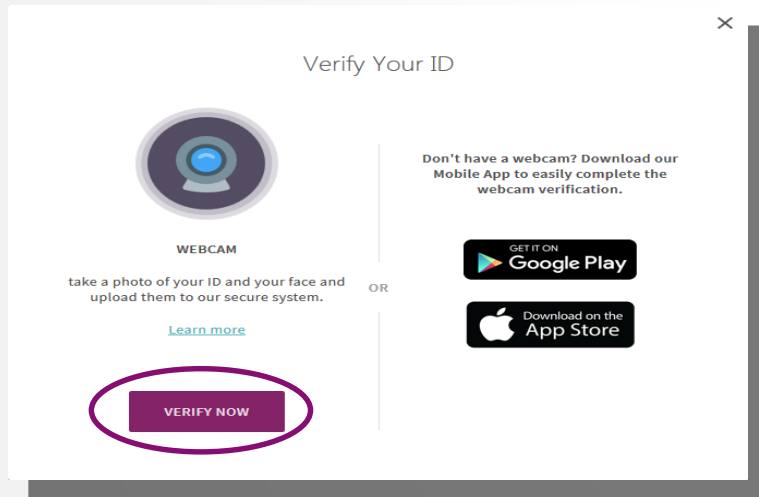

Verify your Skrill account

Webcam uses approval

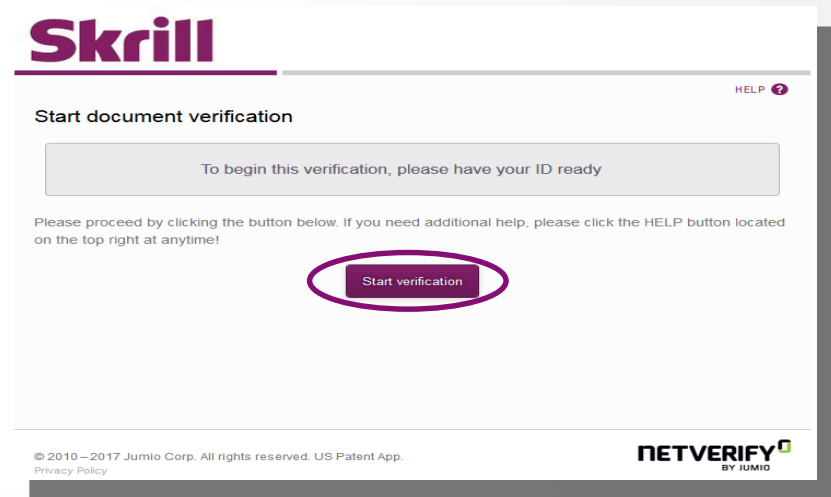

You need to confirm that you will allow our website to access your camera.

3 Verify your Skrill account

1. Click on **VERIFY NOW**
2. Prepare your ID

3. Click on **START VERIFICATION**
