

# Curation and Creation Tools

## Module 4: Ethical Creation

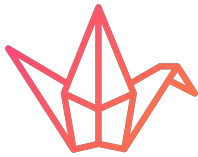

### [EduPuppet](#)

Video recording software that allows input of personal or royalty free images. Allows for sound recording.

### [Apester](#)

A site which allows the blending of content and interactivity together. This was used to produce an online quiz throughout the YouTube clip.

### [Padlet](#)

A curation tool similar to Pinterest that can be used for collaboration and presenting and sharing a range of online and uploaded media and files.

### [H5P](#)

Allows you to bring tools and content to life with interaction. This has a vast range of tools to use.
