“No Place Like Home” with Sharleen Smith, Director of Continuing Education & Outreach, Troy University

The 2019 Lunch & Learn series has covered Brains, Courage, and Heart, and our final topic will be “No Place like Home.” When weathering the storms of personal and professional life, we may laugh at the idea of clicking our heels and expecting magic to happen. However, if we are aware of our unique strengths - from our brains to our hearts and courageous spirits - there is truly “no place like home.” Together, we can learn to apply our personal gifts, identified in the first three Lunch & Learns of 2019, to make our own kind of magic.

Seating is limited, and lunch is provided. Please visit www.pikeroad.us to reserve your seat before Dec. 10!
