

CRITERIA OF EDUCAR's First AUGUSTINIAN PEDAGOGY COMPETITION

 - Pedagogical proposals for the levels of Secondary Education and Baccalaureate.
 - Pedagogical proposals for the levels of university education and professional training.

During the course of the Encounter, the winners will present their pedagogical proposals.
6. In addition to the four prizes (one for each category), a selection of the other pedagogical proposals will be published by the EDUCAR network.
7. Participation in the Competition may be individual or in group. It should be noted that, if a proposal is a winner in any of the four categories and has been prepared in group, only one person may travel to participate in the Fifth EDUCAR Encounter.
