Dear Friends of the Board,

What a wonderful surprise to receive the peace award medals - a great honor to us both. We were also very touched by the kind words in your letter and the personal notes on the back of your card. Many, many thanks to all of you.

Friends of the Himalaya is an outstanding organization that does so much for the Nepali people. We are proud to continue our support, and are sad to have missed being with you this past summer.

With warmest regards and again our many thanks,

Jossy & Ken
