

Shop Floor Filtration System Handles Up to 30 GPM Where You Need It When You Need It

*Keep machine coolants, hydraulic oils,
and many other fluids cleaner for higher
shop floor productivity*

The FloWash Basic Filter Cart is an easy-to-deploy mobile system that helps keep your shop floor fluids cleaner for improved production efficiency. It can be used on-line or as a stand-alone filter station. Save on replacement fluids as well as the associated disposal costs.

Powering Business Worldwide

FloWash Basic Filter Cart Components

- FLOWLINE II™ fabricated filter vessel features a unique one-piece body design with safe and reliable “no tools required” access for bag replacement. The FloWash Basic Filter Cart is rated 75 psi and 180 °F.
- Carbon steel filter vessel, pump and cart are equipped with Buna-N seals for high-performance, leak-free service.
- Centrifugal, 1/2 HP pump requires priming only if the pump is completely drained. The fully enclosed fan-cooled, electric motor is outdoor rated and includes a ground-fault circuit interrupter (GFCI).
- Filter cart includes a 1” diameter, 45” long suction and discharge wand with an 8’ Eaton Weatherhead® hose. Fast acting nylon cam and groove couplings make connections easy. The nitrile with a neoprene cover hose is reinforced with cable wire and fiber braid.
- SPLASH GUARD cover helps make changeouts safer.

Eaton's FloWash Basic Filter Cart

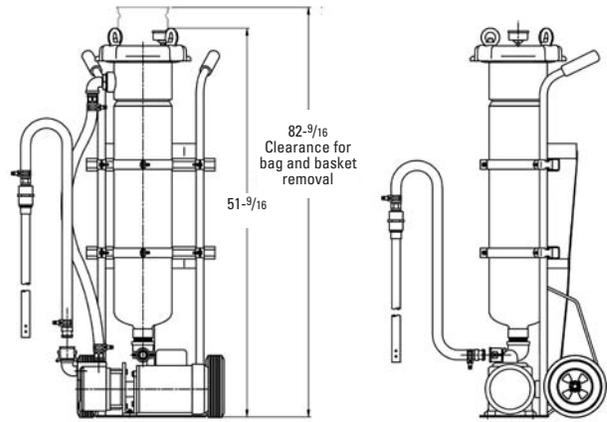

Safe to operate and easy to maintain, the mobile system can operate in-line or as a stand-alone filtration station.

FLOWLINE II Filter Vessel features a high-performance rated vessel with a unique one-piece body design. Its internal body to basket seal prevents fluid bypass. The ergonomically designed cover provides safe and reliable "no tools required" access for bag replacement and the displacement configuration prevents spills when opening.

SPLASH GUARD Helps protect against unexpected pressurized discharge and operator exposure to potentially hazardous material.

FloWash Basic Filter Cart Specifications

Dimensions: Approximately 22.25"W x 17"D x 51.75"H

Weight: Approximately 185 lbs empty and 243 lbs full (water)

Power: 115 VAC/9A @ 60 Hz

Model

F3F000004-B Basic Filter Cart, Carbon Steel with Buna-N Elastomers

Filter Bags

FloWash Basic Filter Cart uses size 02 filter bags. Many options are available to fit your specific need.

LOFCLEAR™
Oil removal and gels

HAYFLOW™
Up to 5 times the life of standard bags

DURAGAF™
Up to 3 times the life of standard bags

SENTINEL®
High-quality, durable performance

UNIBAG™
Efficiency with an economical advantage
