

# HOW TO ADD VALUE TO YOUR HOME

Selling your home for the best price can often be a stressful and overwhelming experience.

## DECLUTTER THE FAÇADE

88% of buyers state that decluttering your façade lead to more offers and higher bids. High pressure cleaning your limestone or brick exteriors.

## REFRESH YOUR DRIVEWAY

Dirty driveways and paths leave an immediate bad impression. High pressure cleaning these paths are an affordable way to boost the sale price of your home.

## NEATEN YOUR POOL PAVERS

Having a pool can be a great selling point, but 70% of buyers state that they are put off by dirty pavers. Fix this simple mistake by getting your pavers cleaned, and if it allows is, sealed for further protection.

## SOLAR PANEL CLEAN

Solar panels can save a family up to \$1000 off your energy bills per year. But did you know that they are less effective when dirty? Make sure you get them cleaned before the sale

## ROOF AND GUTTER CLEAN

A new roof can be a great feature while you're trying to sell your house, but it can also be an extremely costly exercise. However a high pressure clean can be a cost-effective way to clean your roof and not break the bank.

## SEAL YOUR FLOORS

Add a splash of colour to your patio with epoxy sealant . Not only does it reduce long term damage, it brings a fresh new look for those real estate photos.

## ALL INCLUSIVE CLEAN

Do you need more than element of your home improved and cleaned before you put your property on the market? Consider an all inclusive clean of your home, including clearing your gutters, roof and clean high pressure clean.
