ABOUT US

We are the manufacturer, *not a middleman.*

Bahçe Kulesi® is a brand of Kozhan Kalıp San. ve Tic. Ltd. Şti. With more than 35 years of experience in machinery and mould making, we produce both the plastic injection moulds and the products themselves in our own facility in Bursa.

Because every step from mould to packaging is in our hands, we control quality, stock and lead times directly. Every product in this catalogue is our own production.

Why Bahçe Kulesi?

01
Made in our own factory

Mould making and injection moulding in-house. No middlemen — quality control stays with us.

02
Ready within 1 week

Wholesale orders are ready to ship within one week at the latest.

03
Modular and flat-packed

Products ship in parts in compact boxes, keeping storage and freight costs low.

04
Easy assembly

Bolts, nuts, assembly key and an illustrated guide in every box.

05
Durable materials

UV-resistant, food-safe polypropylene and galvanised steel profiles.

06
Your own brand

From 200 units, products can be made under your own brand.

01 · RAISED GARDEN BEDS

01

Modular *raised garden beds.*

Our core product line. The same standard parts build dozens of sizes, from a small balcony bed to a 5-metre garden row — and any bed can be extended later with add-on parts.

01
30 cm soil depth
Enough volume for the roots of most vegetables and fruits.

02
Premium polypropylene
Food-safe and UV-resistant; won't crack or fade in the sun. 2.2 mm wall thickness.

03
Drainage design
Channels in the base drain excess water so roots don't rot.

04
Unlimited extension
Each straight part in the extension kit adds 26 cm to the bed.

05
Easy assembly
Bolts, nuts, tension wire, assembly key and guide included.

06
Colour options
Beige and grey.

28	190×110
29	270×140

Long series · No:30–41

For garden borders, paths and row planting. 34, 60 and 85 cm wide.

Width	No	Lengths (cm)
34 cm	No:30–33	190 · 290 · 400 · 500
60 cm	No:34–37	190 · 290 · 400 · 500
85 cm	No:38–41	190 · 290 · 400 · 500

Planter · No:0–3

Narrow 34 cm beds for walls, windows and terrace edges.

No	Size (cm)
0	60×34
1	85×34
2	110×34
3	140×34

01

For balconies and terraces, *a garden at waist height.*

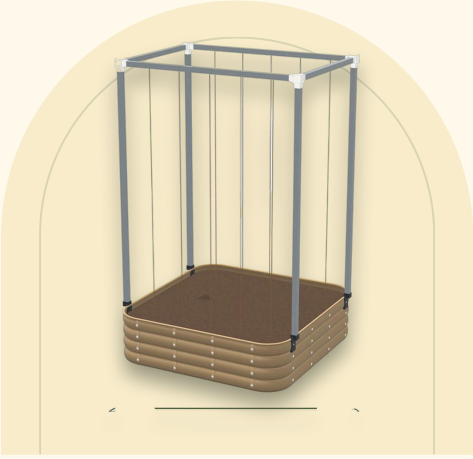

01
Balcony & terrace bed No:4

110 × 60 cm with base tray. Fixed or on wheels. The tray protects the floor from water and soil.

02
Elevated bed on stand

60 × 112 cm bed on a galvanised stand at waist height. 4 models: fixed, wheeled, with canopy, and with canopy on wheels. Total height 88 cm.

03
Plant support frame

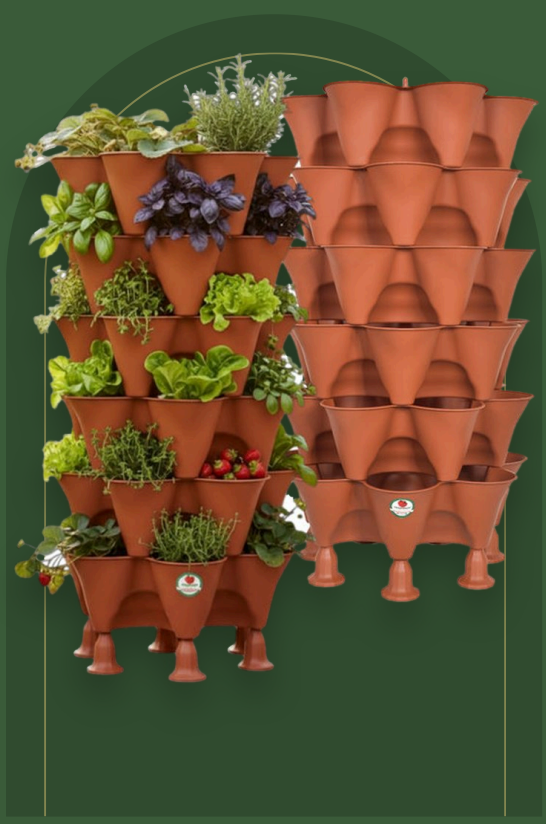

Fits on the short sides of the bed; tomatoes, cucumbers and beans grow vertically on strings. For 60, 85 and 110 cm wide beds; a tunnel model between two beds is also available.

02 · VERTICAL GARDEN TOWERS

A vertical garden *in 1 m².*

02

Stackable soil-based growing towers for balconies, terraces and small gardens. Water is poured from a single point at the top and reaches every pocket; excess drains through the plug at the bottom.

Yediveren Bahçe Kulesi®

Planting pockets	**42 (6 tiers × 7 pockets)**
Size	**Height 1 m · width 55 cm**
Pocket size	**15 cm wide · 16 cm deep**
Soil	**Approx. 120 litres**
Extension	**Up to 20 tiers with add-ons**

Yonca Bahçe Kulesi®

Planting pockets	**6 tiers 24 · 8 tiers 32 pockets**
Size	**Width 35 cm · height 75 cm / 1 m**
Pocket size	**12 cm wide · 13 cm deep**
Soil	**Approx. 40 litres (6 tiers)**
Extension	**Tiers can be added or removed**

Food-safe, UV-resistant polypropylene. Ideal for lettuce, strawberries, rocket, parsley, basil and flowers.

03

Weld-free *galvanised greenhouses.*

Bolted together from 30×30×1.2 mm galvanised box profiles and glass-fibre reinforced connectors. No welding required; can be dismantled and moved. Hinged door as standard.

30×30×1.2	0	4	Portable
mm galvanised box profile	welds — bolted assembly	series, 11 sizes	dismantle and rebuild

Series	Use	Sizes (m)
Olimpos	Hobby garden greenhouse	1.58 × 2.35 · 2.98 × 4.13
Aspendos	Villa and home garden greenhouse	2.06 × 2.48 · 2.06 × 3.71
Likya	Field greenhouse without door	2.23 × 3.08 · 2.23 × 4.61 · 2.23 × 6.13 · 2.94 × 6.11 · 2.94 × 8.13
Pergamon	Production greenhouse · ridge 3.55 m	4.23 × 6.18 · 4.23 × 9.26

Covering (greenhouse film, polycarbonate, shade net), irrigation and flooring are not included; only the galvanised frame and door are supplied.

04

Coops, arches, *benches and shelves.*

01

Mobile chicken coop

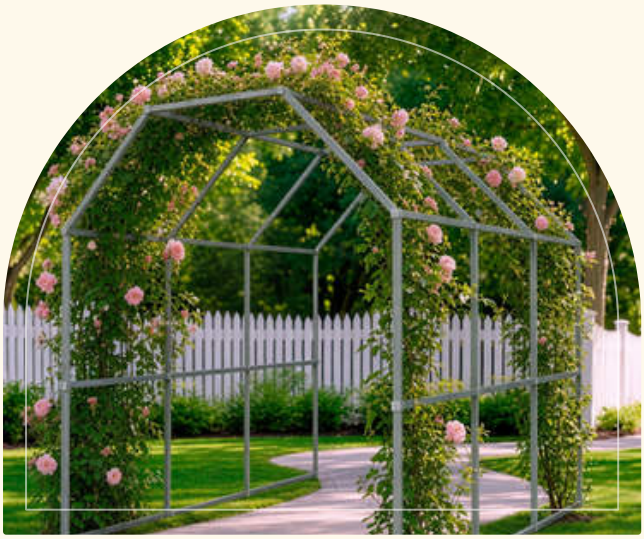

Lightweight, floorless galvanised coop that can be moved. 2.06 m wide; 1.05 / 2.08 / 3.10 m long. Largest model for up to 18 hens.

02

Production coop

For commercial use: 4.23 m wide, 4.13 – 10.28 m long, 50 to 127 hens. Front and rear doors, roof window in every section.

03

Garden arches

Galvanised arches for roses and climbers. Gabled and flat roof; 1, 2 and 3-section models.

04

Greenhouse benches & shelves

Galvanised bench frames with lower shelf (210×110, 210×70, 110×70, 130×85 cm; 80 cm high), 3 and 4-tier balcony/greenhouse shelves.
