FACUNDO'S CORP SUBSIDIARY, ZORiN iNDUSTRIES™, ANNOUNCES AGREEMENT WITH THE CITY OF MONACIENCIO™ TO FORMER STORAGE HUB DESMANTLE.

FOR IMMEDIATE RELEASE, JANUARY 22, 2017.

ZORiN iNDUSTRIES™, a wholly owned subsidiary of Facundo Corp is announcing its agreement with the council of The Kingdom Of Monaciencio™ to begin the project of dismantle of a former Storage Hub and farm located on the District 12 of the Kingdom. The Council of District 12 will provide financial support for the salaries of the workers involved in the process. In exchange, ZORiN iNDUSTRIES™ will provide, in the form of taxes, the 10% of the total revenue of the dismantle of the building, if any.

Facundo Pignanelli, CEO and Chairman of ZORiN iNDUSTRIES™ commented the following:

"It's a great pleasure for us to work with the Council of District 12. We think the agreement benefits both the company and the People of District 12. The building was a left off of the early days of the company. Since then we expanded and move on to a lot of different locations, including many in the Kingdom of Monaciencio™."

Roger Stepson, Spokesman of the Council of District 12 expressed the following:

"We are thrilled with the agreement. It is going to allow us to expand our urbanization process and re-use the land that now is occupied by the building. We think it's going to improve the District a lot."

The project is expected to be completed in mid-2017 and it doesn't affect any employees or jobs within the company, as no nobody worked there anymore.

Facundo Corp operates a large chain of retail services as well industrial services around the world. Facundo Corp NYSE stock symbol is traded under "FCORP".

The District 12 is one of the many Districts of the Kingdom of Monaciencio™, a virtual city on the World of Minecraft™. It can be found on Twitter™ at @Monaciencio™.
