

Cousino High School graduates have answered our nation's call to defend our freedom, to aid our friends and allies, and to turn back aggressors. Numerous young men and women have traded in the red, white and blue of the Patriots for the colors of the Army, Navy, Air Force, Marines and Coast Guard. They have brought honor and distinction upon themselves and made their school, community, and nation proud.

The support our football team, cheerleaders and band receive is second to none. On Friday, September 20th, please join all of us to support those that keep America the land of the free and the home of the brave.

As we have done in the past, our football, cheerleaders, dance team and band members have had family members who have served or are currently serving announced with them on this amazing night – if you would like to have your family member that has served or currently serving announced at our military appreciation night – please fill out the following below and return to kristi.rutkowski@ihsmarkit.com by September 16, 2019.
