## OVERVIEW

Community engagement is critical for patients with Colorectal Cancer, offering a supportive network.

## HEALTH CLINICS

Local areas in various states have clinics offering screenings and treatment tailored specifically for Colorectal Cancer.

## TRANSPORTATION

Local organizations provide free or low-cost transportation to medical appointments.

## LOCAL EVENTS

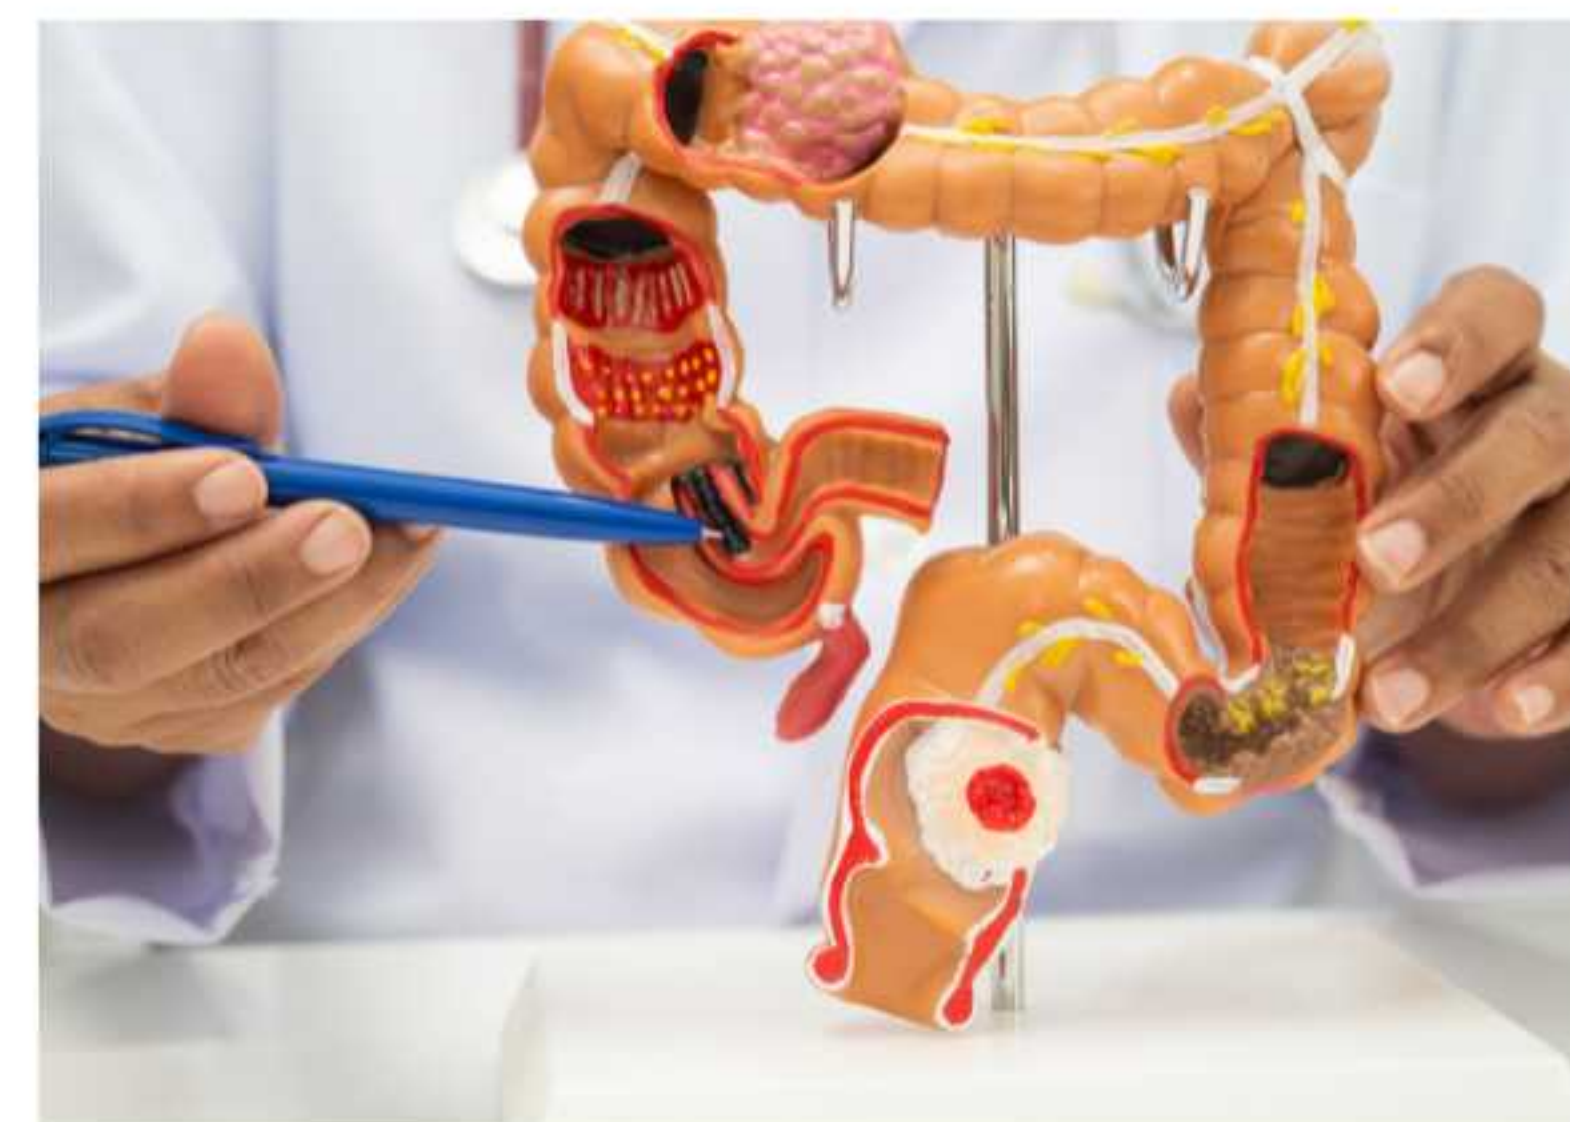

Events such as awareness walks and health fairs focused on Colorectal Cancer can promote community involvement and education.

## COMMUNITY

Connecting resources not only facilitates access to necessary services but also helps foster a sense of community among Patients, Caregivers and Survivors.

## TRANSPORTATION SERVICES

- American Cancer Society — Road To Recovery
- Joe Andruzzi Foundation — Treatment Transportation Program
- West Cancer Foundation — Patient Transportation
- Medicaid Non-Emergency Medical Transportation (NEMT)
- Hospital or Cancer Center Rideshare Programs
