February 2019

Greetings!

February is only the second month of the year, but people are in full swing, back to work after the holidays with less time to play. There is one pastime, though that February is good for - especially since it is likely done indoors, out of the cold. Karaoke!

They say that karaoke is a filipino invention, and while Pilipino Robert del Rosario, then president of Trebel Music Corporation, does hold the patent for the karaoke sing-along system, it was actually invented by a Japanese struggling keyboard artist, Daisuke Inoue.

Daisuke used to pay drums and piano to accompany patrons when they wanted to sing. He admits, though, that he struggled to read music and was too lazy to master one new song after another. One day, a guest invited Daisuke to join him on a trip and play music. He was unable to attend as he was committed to his work at the club, so instead, he sent a tape of instrumental music with the customer so they could still sing in his absence. Soon after, he created the "8 Juke", the first karaoke machine featuring a stereo, coin box, amplifier, and a microphone.

People embraced his idea and the rest, well, is history.

Daisuke, how ever, did not patent his invention. He did not think it was patent-worthy since it was a combination of already patented items and not technically his own invention. This led him to continue being the struggling keyboard artist at the club in Kobe, Japan while del Rosario picked up the patent for the karaoke machine we know today.

Karaoke can definitely make for a fun date night or party entertainment. What's your favorite song to karaoke to? Share with us on social https://www.facebook.com/fraziewealth/

A FINANCIAL ADVISOR'S GUIDE TO MAKING GOOD FINANCIAL DECISIONS

1. DECIDE WHAT IS MOST IMPORTANT TO YOU

A common mistake people make is to give up what they want most for what they only want right now. Decide which goals in life are truly important to you, and make working towards those goals your top priority. Then...

2. ALWAYS ASK YOURSELF, "WILL THIS DECISION BRING ME CLOSER TO MY GOALS, OR TAKE ME

TUNITIEN NWM1?

Humans tend to prioritize the short-term over the long-term. But an easy way to determine if your decision is a good one is to ask yourself if you're mortgaging your future to pay for your present.

3. DON'T RUSH. TAKE YOUR TIME AND STUDY YOUR OPTIONS.

Financial decisions rarely need to be made in a hurry. In fact, fast decisions tend to be poor decisions! Get all the facts and learn your options, so that your decision is at least an informed one.

4. THAT SAID, FOCUS ON MAKING "GOOD" DECISIONS OVER "PERFECT" DECISIONS.

Voltaire once said, "Perfect is the enemy of good." When making a financial decision, don't stress so much over whether your decision is perfect that you end up paralyzing yourself and missing out on opportunities. A lot of small, good decisions tend to weigh more than one perfect decision.

5. ASK QUESTIONS!

The most important thing you can do to make good financial decisions is to ask questions first. Talk to qualified experts.

Chat with people who've been in the same situation as you. As the saying goes, "He who asks a question is confused for a minute. He who does not is confused forever."

LIFESTYLE TIPS

Find Your Soulmate with Positive Thinking

Among countless dead-end connections from potential prospects on dating sites, speed dating, and blind date suggestions from well-meaning friends, your frame of mind could be your biggest obstacle to finding your soulmate. In addition to your dating "game," consider working on your mental game too. By putting the power of positive thought toward attracting your desires, you can eliminate what you don't want and focus on the good stuff. Try defining your ideal relationship starting with a list:

- Draw a line down the middle of a page, and on one side, write "w hat I don't w ant." On the other side, write "w hat I do w ant." Just writing this list will get you more focused.
- Cross off the "don't want" side off your list. Not needed!
- Give your attention and energy to the "w hat you do w ant" list.

This exercise is great for thinking about and attracting your dreams, goals, and desires you want in your life. Give it a try and see what comes your way!

RECIPES

Chocolate Strawberry Cake

6 Servings

Ingredients:

- 1½ cups all-purpose flour, plus more for pans
- 1½ cups granulated sugar
- ¾ cup cocoa pow der
- ½ Tbsp. baking soda
- ¾ tsp. baking pow der
- ¾ tsp. salt
- 2 large eggs
- ¾ cup buttermilk
- 1/4 cup + 1 Tbsp. canola oil
- 1½ tsp. vanilla extract
- ²/₃ cup boiling water

Frosting

- 1½ cups unsalted butter (room temperature)
- 4½ cups confectioners' sugar
- ½ cup fresh, ripe straw berries, washed, stemmed, and hulled
- 1½ tsp. vanilla extract

Directions:

- 1. Preheat oven to 350°F. First, butter three 9", round cake pans and dust with flour, tapping out excess.
- 2. Sift flour, sugar, cocoa, baking soda, baking pow der, and salt into the bow I of a mixer and beat on low speed. Increase speed to medium and add eggs, buttermilk, oil, and vanilla, then beat about 3 minutes. Turn off the mixer and add boiling water. Beat on high for approximately 1

minute.

- 3. Pour batter evenly among the pans. Bake for 30 to 35 minutes or until an inserted toothpick comes out clean. Allow cakes to cool completely before frosting.
- 4. To make the frosting, purée the straw berries in a food processor and set aside. Using the paddle attachment, cream the room-temperature butter in the bow I of a stand mixer. Gradually add confectioners' sugar until the mixture is smooth. Combine with the straw berry purée and add the vanilla. Beat until light and fluffy (approximately 3 to 5 minutes).
- 5. Frost and stack the cakes; decorate with fresh straw berries. Try adding a dollop of fresh, whipped cream upon serving.
