

WARBLER RIDGE

Just at the edge of the Wisconsin glacier's furthest southern reach lies the rolling ravines of Warbler Ridge Conservation Area. This 1000-acre area is a compilation of preserves owned and managed by Grand Prairie Friends. Warbler Ridge is part of an extensive forested corridor running along the Embarras River for more than eight miles from Charleston to Fox Ridge State Park.

Thanks to grant support from the Illinois Clean Energy Community Foundation and The Lumpkin Family Foundation, a meandering hiking trail passes through Warbler Ridge. Visitors are welcome to hike the 10 miles of trails with access trailheads and parking areas located at Bypass Road, Daileyville Road and 550N.

GRAND PRAIRIE FRIENDS

Grand Prairie Friends is a volunteer-driven, not-for-profit, conservation organization and land trust composed of people from many walks of life who share a commitment to protect and manage tallgrass prairie and woodlands.

GPF's mission is to preserve and restore natural communities in east-central Illinois and to promote an understanding and appreciation of natural resources. In addition to acquiring land to protect and manage, GPF also fulfills this mission by hosting a variety of volunteer workdays and educational outreach events.
