TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. Any announcement from the seller on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes buyer's risk as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for, free of charge to purchaser, until loaded for shipment or until the expiration of December 20th of the current year.
6. All claims for adjustment for bred females must be made before May 1st of the following year. All claims for adjustment for heifer calves must be made by September 1st of the following year.
7. Everyone attending this sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
8. Delivery costs and scheduling shall be the sole responsibility of the buyer.
9. A certificate of registry and transfer shall be furnished for each registered bred female sold at a final bid price of \$1,200 or higher. A certificate of registry and transfer shall be furnished for each registered heifer calf sold at a final bid price of \$900 or higher. If final bid price is less than either of these amounts the cattle will be considered commercial. Certificates of registry may be purchased for the difference.
10. The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

**These cattle do sell in accordance with the Sale Terms and Conditions
set forth by the Red Angus Association of America.**

of Superior Livestock Auction data, revealing
Red Angus-sired heifers commanded up to \$11/cwt
more than females of all other breed types.

BIG SKY ELITE Female Sale

Welcome to the Big Sky Elite Female Sale!

As a buyer, the most important factor in your decision to purchase Red Angus cattle should be the people and programs. Comparing all sales in the country, the four Red Angus operations that comprise the Big Sky Elite group offer more depth and quality in cattle than any other. First, the breeders involved represent a past RAAA president and two current national board members. They are leaders and innovators in the beef industry and contribute a great deal of their time to make sure the Red Angus breed thrives for all operations both big and small. Second, the quality of cattle that year-after-year are offered and sold in the Big Sky Elite are unmatched in any other auction in North America. The bloodlines offered in this sale represent both proven and sound genetics along with exciting and cutting-edge sires that will be sale toppers in the years to come.

Quality always pays in the cattle business and your best time to invest in seedstock genetics is during a down cattle market. I most respect these breeders for annually offering some of their very best cattle whether the market is up or down. They also ensure that you are getting what you expect by re-pregnancy checking every female during the week of the auction. The quality for feet and udder structure along with disposition are checked and constantly monitored during the selection process of putting together the final offering for the Big Sky Elite Sale.

Major bull studs have utilized these four programs in acquiring bulls to offer the beef industry on numerous occasions. Your purchase of bred females from this auction considerably raise your chances of producing a bull that could attract a bull stud into your program. More importantly however may be the genetic advancement you can get by purchasing a bred female that will produce heifers that will become your future brood cow herd. All four of the Big Sky Elite producers have been raising registered Red Angus cattle for decades offering you the depth of knowledge that only comes with experience. If you are serious about acquiring some of the best Red Angus genetics for your program, you cannot afford to miss the 2019 Big Sky Elite Sale.

I personally look forward to seeing you in Logan, MT, on Dec. 4. If you cannot attend, please feel free to contact. I will be looking through the cattle Dec. 2-3 and will be glad to discuss or help you find what you are looking for. These cattle won't just be "additions to your herd," they will prove to be cornerstones to your program. I know you have many choices when it comes to Red Angus auctions, but I highly encourage you to study this one in depth – these cattle are the most progressive in the breed!

Best Regards,

Kyle Gilchrist

Get off 1-90 at the Logan Exit, #283. Go north and take a left on the frontage road. Proceed west toward Three Forks, about 1/2 mile. Take a right onto Logan Trident Road, heading north. The road immediately crosses the Gallatin River and the railroad tracks, as shown on the map. Green Mountain Red Angus is 2 miles from the railroad tracks. Watch for the large Green Mountain Red Angus sign.

Bred to: **WFL MERLIN 018A (1628086)**

Due Date: **1/30/20**

Selling X113 was a hard decision to make. This is the last daughter of Feddes Lakina 310, dam of Feddes Big Sky R9, that we have and she is by the outcross Canadian sire, Sakic. Phenotypically we really like her and she has a great udder. She moves like a cat as well and has good feet. She has produced 34 calves for us including 8 natural calves. We like the fact that she has been flushed heavily and has still had a calf every year. Her dam, 310, boasted an MPPA of 109. She is bred to 5L Advantage 2170-165A. 165A was our pick of the bulls in the 2014 5L sale. His sons have been some of our most highly sought after bulls in our annual production sale. He will add muscle, depth and growth to almost any mating. This is a very exciting genetic combination.

Bred to: **WFL MERLIN 018A (1628086)**

Due Date: 1/30/20

Here is an opportunity that everyone should be looking at. X21 is the dam of Feddes Brunswick D202 who took the breed by storm this spring with his unmatched EPD combination and phenotype. She is arguably the best Feddes Big Sky R9 daughter we have ever produced. It's not hard to see why Brunswick will add depth to any mating when looking at X21. She boasts 13 traits in the top 30% of the breed including top 10% for HB, CED, HPG, MB, YG, CW & REA. When you do an EPD search with these 7 traits, there is not one animal in Red Angus that comes up. She has done it all with a calving interval of 367 days on eight calves. That's the kind of fertility we expect out of our cows. Our biggest regret is not flushing her before we sell her. She is bred to calve to 5L Advantage 2170-165A with a bull calf. This mating could easily pay for your purchase many times over.

Bred to: **C-T DOMINATE 7067 (3734645)**

Due Date: 2/5/20

C-T Honest Girl 1011 is our great Mulberry cow from our powerful donor program. She is a 9-year-old cow with a very proven track record and a 103 MPPA. She has data to back her up with 108 WR, 108 YR, top 4% Milk and top 2% HPG. She has produced many top sellers including the 2016 NILE Futurity Champion bred heifer selling to Star G, IA. She has great feet and leg structure along with loads of volume in a medium frame. She is bred to the exciting C-T Dominate 7067. He is the high-selling Domain son by our powerful Chateau donor cow, 1183, selling to Myers Farm, MO; Mosby, MO; Bar Open A, ID; and Feddes, MT. This is a big-time genetic match-up.

Bred to: **FEDDES BRUNSWICK D202 (3539689)**

Due Date: 3/2/20

You do not want to pass up this high-production Epic dam! Power, performance, pedigree and phenotype! She posts an MPPA of 104 with an average WR of 105 and an average YR of 106 all starting with below average birth weights. Her 2018 bull was GMRA Connery 8205, featured as Lot 5 in last year's bull sale and pictured here. He turned in the highest actual 205-day weight in the offering and impressive carcass scans of 107 for both IMF and REA. Her EPDs are strong with 10 in the top 25% of the breed or higher, with a HB in the top 7% and a GM in the top 9%. Just imagine the power of the Brunswick calf on board! Estimated progeny EPDs place 13 in the top 25% or higher. This progressive young female is following in the footsteps of her powerful maternal pedigree. All dams in the pedigree have MPPAs ranging from 101 to 107 going back over 20 years. This type of package comes available only after years of breeding for maternal power. Take her home and cut your lead time to RIGHT NOW!

Bred to: **BIEBER HEAVILY ARMED E392 (3752457)**

Due Date: 3/24/20

This Redemption daughter is a super solid young female with tons of promise! Unfortunately she lost her first calf before weaning, but she is determined to prove her breed leading potential. She is from a long line of high-performance females with the maternal line posting MPPAs over 100 going back more than 25 years, including her own with the maternal line posting MPPAs over 100 going back more than 25 years, including her own. There is an impressive set of numbers here with 14 of her 18 EPDs in the top 25%, eight of those in the top 7% of the breed or higher and all but two of her EPDs are in the top 33%. She brings a great birth-to-growth spread along with top-end carcass. The calf being born next spring will land with all but one EPD in the top half of the breed and 10 in the top 25%.

Bred to: **HXC DECLARATION 5504C (3494198)**

Due Date: 3/6/20

Performance is NOT in the eye of the beholder ... it's in the proof of the production! This young female is out of a dam with an MPPA of 106 and posts an MPPA of 101 on her first two calves. This year's calf turned in a WR of 104 and will be retained in the herd. Peacha 5111 carries a strong set of numbers with a GM, YW, ADG, CW and REA all in the top 7% of the breed or higher. She is a carcass specialist with all carcass numbers in the top third of the breed or higher. She will have one of only three Declaration calves in this offering, combining her carcass power with his impressive growth. The calf's projected EPDs place YW, ADG and CW all in the top 1% of the breed and a WW in the top 3%.

Bred to: GMRA TESLA 6214 (3538390)

Due Date: 3/11/20

Estonia 627 will come into your herd with all the maternal power you would expect of the prolific Estonia cow family. She is only one generation removed from the great BJR Estonia 9S-1210, who raised GMRA EBV 266. You have to follow the maternal lineage back to 1977 before you find an MPPA below 100. 627 has an MPPA of 101 and performance are backed up by a pedigree that goes back to the foundation female that produced GMRA EBV 266. Her numbers are the cherry on top with two-thirds of her EPDs in the top third of the breed or higher!

Bred to: BIEBER HEAVILY ARMED E392 (3752457)

Due Date: 2/25/20

Here is a powerfully built Packer daughter that flat out works! She brings a strong phenotype to high-end production with an MPPA of 101. She has traditionally produced females for us, but her 2017 calf was a bull that turned in impressive growth along with great carcass scans and an IMF ratio of 118. This year's calf is a bull as well and we look for him to excel in the feedlot. Phenotype

and performance are backed up by a pedigree that goes back to the foundation female that produced GMRA EBV 266. Her numbers are the cherry on top with two-thirds of her EPDs in the top third of the breed or higher!

Bred to: **FEDDES BRUNSWICK D202 (3539689)**

Due Date: 4/6/20

There's not much you CAN'T say about this young dam's potential! She is already posting an MPPA of 102. She is hitting her stride with this year's calf turning in a 106 WR. She is smooth made with a beautiful udder and a feminine front end. Her Brunswick calves have had great muscle expression, as will the calf on board. All but four of her EPDs are in the top half of the breed and her expected calf will have all but one in the top half with 12 in the top 25% or higher.

Bred to: **FEDDES BRUNSWICK D202 (3539689)**

Due Date: 3/19/20

This Conquest daughter is the most-experienced female to be offered by Green Mountain this year! She comes from a long line of high-production females going back to the dam of GMRA Cody 7228, who sold to Accelerated Genetics. Ophelia 068's pedigree is full of maternal specialists – Hobo 1966, GMRA EBV 266, Make Mimi and others. She has an average BW ratio of 83 on eight and weaned off with a 104 WR. She is solid performance proven with 10 of her EPDs in the top 50% of the breed – pretty impressive for an age-advantaged female! Standouts are a CED, BW and Milk in the top 1% of the breed, CEM in the top 2% and HB in the top 6%. The calf will hit the ground with 16 of 18 numbers in the top half of the breed! Put this proven female to work in your herd!

Bred to: **3SCC DOMAIN A163 (1619642)**

Due Date: 2/2/20

The Peacha cow family has a history of strong performance in the GMRA herd. This female is no exception with below-average birthweights followed up by growth that continues on through yearling with an average YR of 102. Her 2019 bull calf is in the feedlot, taking a 79# BW to a 102 WR and her bull calves in production have turned in an average REA ratio of 105. Fourteen of her EPDs are in the top half of the breed with eight in the top 25%. She will have a progressive Domain calf with half of its EPDs projected to be in the top 25%.

Bred to: **GMRA TESLA 6214 (3538390)**

Due Date: 1/17/20

This beautiful Laramie daughter showcases a typical broody, maternal GMRA phenotype. She is deep throughout with a wide chest floor, broad top and tons of capacity with great muscling. All of this is carried on a solid bone structure with great feet and legs. She is at the top of her game, producing a beautiful heifer calf this year that took a 75# BW to a 102 WR. You can bet she is in the keep pen and will have a picture-perfect phenotype with a balanced udder. The calf on board combines the maternal power of Laramie with the high-end performance of Tesla.

14 Units of Semen

Trilogy has become a household name in the Red Angus industry. He was the seventh most-used bull in the Red Angus breed in 2016. We have been asked repeatedly if there is any more semen on this great bull and finally decided to make these last 14 units available. As far as we know, this is the last Trilogy semen in existence!

Bred to: **WFL PROFITMAKER E7030 (3775477)**

Due Date: 2/10/20

8002's sire, Silver Bow B226, has been producing daughters that have great udders that consistently wean some of our biggest calves. This heifer should be no different. She boasts 10 EPDs in the top 30% of the breed. She is due to WFL Profitmaker E7030 on 2/10/20. The EPD profile of this calf is second to none. We really like the potential of Profitmaker on Silver Bow daughters.

Bred to: **LASO FRONT ROW X37D (3549925)**

Due Date: 1/21/20

809 is a moderate-framed Defender daughter and bred to our herd sire, Laso Front Row X37D. So far, the Front Row calves have done nothing but impressed us. His sons grew extremely well in the feedlot and were accepted very well in the sale. We will calve our first daughters this year. The females should be outstanding as he is a son of the great Laso Leanna BC 114 cow that boasts 100 progeny registered and has an MPPA of 105! 809 boasts nine traits in the top 30%. GM 28%, CED 29%, BW 16%, ME 14%, HPG 5%, CEM 20%, Marb 13%.

Bred to: **LASO FRONT ROW X37D (3549925)**

Due Date: 2/15/20

876 is a One Of A Kind 510 x Blockana and is a deep-ribbed, powerful female with a very balanced set of EPDs. This heifer is also one that is very hard to let go of. She is bred to our herd sire, Laso Front Row X37D. His progeny have impressed us this far. Bulls have been good and we are really excited to calve the first daughters this spring. The 510 x Blockana x Front Row mating could end up being that one everyone is looking for.

Bred to: **WFL MERLIN 018A (1628086)**

Due Date: 1/21/20

A heifer that's hard to part with. Here is another daughter of Feddes Silver Bow B226. This heifer is royally bred with some of the best female-making lines in the breed in her pedigree. Silver Bow, Redemption, Montana X44, Mimi, Grand Canyon, Rambler 5162 and Rambo 502 all grace her pedigree. There are four generations of 102 or higher MPPAs on the dam side. She is bred to WFL Merlin 018A, the bull that has taken the breed by storm the last two years. The possibilities on these genetics are endless.

849 is a larger framed heifer with 11 traits in the top third of the breed. HB 13%, GM 24%, ADG 8%, Stay 20%, REA 5%.

Coming 3-Year-Olds

BIG SKY ELITE Female Sale

These coming 3-year-olds may be in their working clothes, but they are poised to be some of the best genetic packages of the sale. They weaned a calf, bred back and did everything you can ask. Historically the Big Sky Elite 3-year-olds have been some of the most advantageous buys of the sale. You're gaining a year of calving experience with a solid lifetime of production in their future.

Lot 65

posted outstanding personal performance herself with a WR of 114 and a YR of 112. She doesn't stop there as we see over a third of her EPDs in the top 25% of the breed or higher. Her WW is in the top 5%, YW at 3%, ADG at 4% and CW at 8%. She's got the traits that pay – growth and carcass! We are seeing lots of extreme performance from this young lady and it is going to continue with her Tesla calf on board.

Bred to: **GMRA TESLA 6214 (3538390)**

Due Date: 3/26/20

When thinking of a female that you want to bring in to your herd, Lakota 784 is it! She will complement your herd by producing the kind of great calves you work hard to raise. Her first calf was a heifer that turned in a WR of 109! The proof is in the maternal performance. She is posting a 104 MPPA and backing up generations of high-production females with MPPAs all the way up to 112. Talk about great producing ability. She

Bred to: **FEDDES BRUNSWICK D202 (3539689)**

Due Date: 3/12/20

Just look at the phenotype here! She is carrying the typical GMRA maternal look with a strong muscle pattern combined with great depth and capacity. A strong top line is balanced out with great feet and legs. Her dam posts an MPPA of 108 on five calves and raised one of our top 2016-born bulls featured as Lot 5 in our 2017 bull sale.

All of this is rounded out with strong personal performance and a set of EPDs that places 10 of her numbers in the top 18% of the breed or higher, with highlights from CED to Milk, growth and carcass numbers. The calf hitting the ground next spring will have all but two EPDs in the top 25% or higher! Read that last sentence again – WOW!

Estonia 7100 is looking unstoppable! She is extremely complete, from phenotype to genotype. Her MPPA is an impressive 104 after her first calf. She raised a 72# bull calf who ratioed 110 at weaning, which ranks him in the top 10 of all bulls on test this year! Looking at this female as a whole, we see her putting all she's got into her maternal produce offspring you're sure to be proud of.

Bred to: **FEDDES BRUNSWICK D202 (3539689)**

Due Date: 3/1/20

This hard working young cow's first calf was a bull with a 62# birth weight and a ratio of 101 at weaning! Her MPPA is 100 and her grandam posts an impressive 109. This young lady has 12 EPDs that are in the top 25% of the breed or higher and is a very strong package overall. To bring to light her best EPD qualities, she has YW in the top

Bred to: **BIEBER HEAVILY ARMED E392 (3752457)**

Due Date: 3/8/20

Just look at the depth and power built in to this Bobcat daughter. She features a strong profile with a nice topline and broad top. If you want to see what she will look like as a mature female just take a look at GMRA Peacha 2100, featured as Lot 26 in this sale. Numbers feature a GM in the top 11%, strong growth with a WW in the top 11%, YW at 5% and ADG at 2%. What a combination with the phenotype and numbers of the Heavily Armed calf she'll have next spring!

HXC Declaration 5504C, sire

2019 calf hit the ground at 61# and is currently on test for the 2020 GMRA bull sale. This dapper 3 year old has solid EPDs across the board with eight in the top 25% of the breed or higher and all but four in the top half, featuring a nice birth-to-growth spread.

Bred to: **FEDDES CCC BRUISER F405 (3919869)**

Due Date: 3/26/20

706 hit a grand slam her first time out, weaning a 5L Bourne 48A son with a weaning ratio of 116 earning her an MPPA of 106. If she wasn't bred later she would not be going anywhere. She boasts 12 traits in the top 25% of the breed. Her dam is one of our prolific donors in Feddes Blockana 9130. She is bred to Feddes CCC Bruiser F405, our pick of all the Bourne 48A sons in our sale this year that we purchased from Clark Red Angus. She has already proven what she can do being bred to these genetics.

Due Date: 5/16/20

When you think of a hard-working 3-year-old female that you would like to carry your herd to greatness, Lakota 746 is on the front line. She comes from a strong bloodline handed to her by her sire, Stetson. Her personal performance was outstanding, with a WR of 107 and a YR of 108, coming from a dam with a 103 MPPA. She has huge growth with a WW EPD in the top 5% of the breed, YW and ADG at 2%, and CW at 1%! If you are looking to grab a female that will lead you to the finish line, here she is.

It has been a pleasure raising this great Trigger daughter. Her first calf weighed a modest 62# at birth and turned in a WR of 101. This young lady's great-grandam is the dam of Trilogy and has been passing down marvelous genetics ever since. Undoubtedly, the maternal power is here and is embodied in 765. This female is destined for greatness and is already expressing it at a young age. She presents you with nine EPDs in the top 25% of the breed or higher. The sky is the limit for her expectations. We will pay DNA to verify parentage.

Due Date: 5/21/20

Looking at 769, the potential is endless. Her first calf hit the ground at a moderate 68# and is being retained as a replacement within the GMRA herd. The maternal pedigree is stacked with MPPAs all the way up to 107. You have to venture back 40 years to a 1979-born dam to find an MPPA under 100. There is just no denying the maternal power! On top of all that, she stacks a set of really solid EPDs with 16 of the 18 in the top half of the breed or higher. This young Epic daughter is ready to pass that maternal power on to her new herd.

Bred to: **GMRA TESLA 6214 (3538390)**

Due Date: 4/18/20

Angie 711 is one that will catch your eye. This daughter of Trinity is beautiful from the ground up. Her pedigree is stacked and contains the current No. 3 MPPA cow in the herd. She has an amazing CED in the top 3% of the breed and this year's calf was a nice 75#. She has eight EPDs in the top 25% and has an excellent spread across the board, from birth to growth. She is due with a Tesla calf that will certainly earn his keep and post a breed-leading set of numbers. We are expecting great things to continue for this amazing GMRA female.

Bred to: **VGW DELUXE 782 (3764291)**

Due Date: 3/5/20

A long, thick and deep cherry-red heifer that just looks like a mother cow. Her sire was one of the highest performance bulls to come from the Feddes herd. 8070 is a paternal sister to our 2019 NILE pick with similar performance and eye appeal. Big EPDs with eight traits in top 17%, and loads of carcass with Marb top 6%, REA top 24%. This will make an exciting cross with our "Deluxe" herd sire.

Bred to: **BROWN-CH INDEPENDENCE D5670 (3601947)**

Due Date: 3/9/20

Larkaba 880 is one of the first Tesla daughters to be available on the market! Just look at the straight top line with great depth of rib and capacity. She has muscling where it counts, but is clean fronted and feminine with a great set of wheels. She is built right and broody with a strong set of numbers. The Independence breeding will promote 14 of the calf's EPDs to the top half of the breed or higher.

J5 COACH 8099 (3956927)

Due Date: 5/22/20

Tremendous extension, plenty of shape, and a complete package. This heifer has a unique combination of superior genetics resulting in a strong set of EPDs. She ranks in the top 30% for eight traits. Her Marigold mama is a beautiful female who consistently produces a nice calf every year. Her Captain Incredible sire is making a stamp on the Klompier herd with length of body, muscle shape and excellent dispositions. Make sure you take a look at the bred heifer. We will pay to parentage verify the resulting calf.

856 is a sale feature and very hard to part with. She was pregnant as a heifer calf at bangs vaccinating time, so therefore she bred a little bit later. We stress early fertility in our cattle, 856 had that covered. Her dam's MPPA is 114. 856 is extremely well balanced on paper as well as in her look. She is in the top third of the breed for calving ease, growth and gain, top 3% milk, and top 6% marbling. Her dam is on our short list for donor status.

FEDDES DOMAIN 8285 (3992840)

Due Date: 4/3/20

Wow! Look at this pedigree! A daughter of our sale feature, Lot 2, and Feddes Brunswick D202, who took the breed by storm in 2019, and just so happens to be a son of our sale feature, Lot 3, cow. If she was bred earlier, she would not be going anywhere. She has 15 traits in the top 45% of the breed including HB 11%, Milk 4%, STAY 9%, Marb 29%, YG 15%, CW 22%, REA 8%.

Due Date: 4/9/20

There is a tremendous amount of potential in this Declaration x Conquest combination. Not only is she backed up by a strong maternal package, she has an incredible set of numbers. She has power where it counts with a CW in the top 3% of the breed, GM and WW in the top 2% and YW and ADG in the top 1%. The Independence breeding just enhances the number set, bringing birth into line and maintaining power and maternal strengths.

Bred to: **FEDDES BRUNSWICK D202 (3539689)**

Due Date: 4/18/20

Rebella 586 is currently posting an MPPA of 100, taking on the challenge of a strong pedigree. Her grandam is still producing for us and posts a 113 MPPA that ranks her as the No. 1 cow in the GMRA herd. 586 has a smooth-shouldered, feminine profile with a super level udder. Strong growth numbers place WW, YW, ADG and CW in the top 4% of the breed or higher. When you combine this with the projected EPDs of the Brunswick calf on board, you have 16 EPDs in the top half of the breed or better.

Bred to: **BIEBER HEAVILY ARMED E392 (3752457)**

Due Date: 3/13/20

Here is a chance to take home a Trilogy daughter showcasing some of the top maternal lines in the GMRA herd. Her granddam held the No. 3 MPPA in the GMRA herd while she was in production and if you follow that maternal line you will find the dam of GMRA Cody 7228 who was at stud with Accelerated Genetics. This young dam features a strong set of numbers with two-thirds of her EPDs in the top 33%. There is a lot of potential here!

Bred to: **GMRA ODYSSEY 7227 (3732717)**

Due Date: 1/21/20

Just look at this mature dam! Power and phenotype combine to make a powerful, yet feminine, profile. There is a lot of capacity here along with a picture-perfect udder. Her bulls that have represented her in the bull sale have posted an average YR of 108 and outstanding carcass results with an average IMF ratio of 116 and an average REA ratio of 105. Look for her to pass on all that capacity and muscling with a solid foundation. The calf on board will showcase outstanding growth numbers.

Bred to: **BIEBER HEAVILY ARMED E392 (3752457)**

Due Date: 5/7/20

This Trilogy daughter is backed up by an absolutely outstanding cow family. There are generations of MPPAs well over 100 going as high as 112! Her own personal performance was top notch with a WR of 105 and a YR of 104. All but two of her EPDs are in the top half of the breed and 10 are in the top third. Numbers are powerful across the board which will be upheld in the Heavily Armed calf on board. She has the look of a powerhouse producer with a great udder, a very feminine head, and an overall powerful phenotype from capacity to muscle.

Bred to: **FEDDES BRUNSWICK D202 (3539689)**

Due Date: 4/2/20

Stop and take a look at this one! She has taken this year's Profitbuilder bull calf from a 77# birth weight all the way to a 109 WR. She is just getting started! She has a strong set of numbers with a HB in the top 2% and a great birth-to-growth spread. Combine all this with the calf that will be born this spring and you have a tremendous genetic package. All but one of the projected EPDs will be in the top half of the breed with 14 of those in the top 25% or higher. This young female has the potential to be an outstanding producer!

Bred to: **FEDDES CCC BRUISER F405 (3919869)**

Due Date: 2/25/20

B52 has a daughter in this sale and a bull in our Feddes/C-T bull sale next spring. She is a moderate-framed cow with an excellent udder. She excels in calving ease and maternal – the traits that have made the Red Angus breed so popular. HB 7%, CED 14%, BW 12%, Milk 11%, CEM 5%, ST 6%.

5 Commercial Red Angus Heifers

This group of heifers are due to calve in January and February. They are a balanced group of heifers and should weigh close to 1100 lbs. by sale time. They averaged 990 lbs. in early September. They are bred just like our registered heifers, and we used the same-calving ease sires on them.

Commercial Heifer

5 Commercial Red Angus Heifers

These heifers are ranch raised and purchased from our cooperator rocking Bar H Red Angus. They have been sired by Feddes/C-T Bulls and have been AI'd to C-T Red Rock 5033. They then were put in with the herd bull VGW Deluxe 782. They are nice sized heifers with great dispositions, and will make a nice set of mother cows.

AI'd to: C-T RED ROCK 5033 (3471552) Due Date: 1/25/20 - 2/25/20

4 Commercial Red Angus Heifers

These heifers are ranch raised and purchased from our cooperator rocking Bar H Red Angus. They have been sired by Feddes/C-T Bulls and have been AI'd to C-T Red Rock 5033. They then were put in with the herd bull VGW Deluxe 782. They are nice sized heifers with great dispositions, and will make a nice set of mother cows.

Service Sire: VGW DELUXE 782 (3764291) Due Date: MARCH - APRIL

**Red Angus heifers topped every weight class
from 500 to 650 pounds at the
2018 Bighorn Classic Superior Livestock Sale in
Sheridan, Wyoming.**

No other cattle of any other breed are able to keep up with the
kind of demand Red Angus heifers are bringing!

**Red Angus is receiving a
second-to-none endorsement
by commercial cattle producers.**

Red Angus mamas are the most-favored female
in the beef industry!

THRIVE

Position your ranch to thrive with Red Angus-sired calves.

Red Angus bulls unlock premiums by siring calves with a market advantage that buyers appreciate both in the feedlot and the replacement heifer pen. Plus, the Feeder Calf Certification Program yellow tag adds another layer of price advantage through genetic, age and source verification. Thrive on sale day with Red Angus.

Ranch Tested. Rancher Trusted.
