Compact pressure switches for gas and air GW…A6 GW…A6/1

5.01

DUNGS®
Combustion Controls

Technical description

The pressure switch GW…A6 is an adjustable compact pressure switch according to EN 1854 for combustion plants.
The pressure switches are suitable for switch-on, switch-off and switch-over of an electric circuit at a variable pressure actual value, relative to the set desired value.The setpoint (switching point) is set on an adjusting wheel with scale. A test nipple is integrated in the metal housing as standard.

Application

Pressure monitoring in combustion, ventilation and air-conditioning technologies.
Suitable for gases of families 1,2,3 and other neutral gaseous media.

Approvals

EU type testing certificate as per:
- EU-Gas Appliances Regulation
- EU-Pressure Equipment Directive

Pressure switch class „S“ as per EN 1854.

Approvals in other important gas-consuming countries.
