

## **Opposing Iceland's Long Term Intentions On Whaling.**

**Please send your letters to the following green party members asking them to produce a declaration, individually signed by as many of its members who will do so, which openly and publicly voices against Iceland's 'green' prime minister and her whaling activities. It is time surely that all ties be cut and her party can no longer be named as green.**

**We also have serious reservations concerning Iceland's consumption of Greenland Sharks, a long lived and presumably very slow breeding species, as well as the exploitation of its coastal and seabirds, particularly Eider Ducks and Puffins etc.**

**Please get involved and get your friends to do the same.**
