

A Most Magnificent Dog

Design a most magnificent dog using tangram pieces.

You will need:

- A set of Tangrams
- Pencil
- Paper

What to do:

Use tangram pieces to create three or more tangram designs that look like dogs.

Use all seven tangram pieces in each of your designs.

Flip, move, or rotate the tangram pieces as needed. Work on your designs until you are satisfied.

Record each of your designs by placing a paper underneath the tangram pieces and tracing around each shape with a pencil.

Which is your favorite design? Why do you like it best?

If your designs don't turn out the way you hoped, try again!
