Questions (please note – these are not all the questions asked in the interview..)	<ul style="list-style-type: none"> • Can you describe the defining moment in your life when you realized your gift of intuitive sight? • For our listeners, give us some insights on Reiki, and REAP? How do they compliment your natural gift (of intuitive sight) in helping others? • When healing those struggling through very difficult times, is outward suffering (where someone is visibly in despair) any more or less complex than someone suffering inwardly, suppressing their pain?
