FELLOWSHIP MEETING NOTES:

1. REMINDER!!!!!!

All meeting notices are now posted online on our website (www.nyaod.org) in both the password protected 'Members Only' section as well as the 'Meetings/Meetings and Events' section. The protected password for members is 'ethics'. Notices are also emailed directly to you so make sure we're not 'filtered out' to your spam mail. If you prefer to continue to get our information via regular mail, please let us know and we will always be happy to mail it to you.

You can sign up for the meetings online and pay with your credit card or by sending us a check with the registration form that can be downloaded and printed.

Special meal requests such as Kosher or Vegetarian, will only be honored if they are ordered in advance of the meetings and not on site.

Please remember that all meeting registrations need to be in no later than the Monday preceding the meeting. If your registration is received after that day, a \$10 per person penalty will be charged.

2. Fellowship Chair Dr. Egidio Farone and his committee have already begun to evaluate applications for nomination to Fellowship in our Academy. As we now have open enrollment, it's always the time for you to consider colleagues who might be eligible for Fellowship. Applications can be acquired online at our website: www.nyaod.org, then click on Membership and How to Nominate a New Member. The protected password for members is 'Ethics'. Or call Carol Bensky at 201 440 4498. All application materials must be emailed back to Dr. Farone. **NYAD policy is that all application materials be sent to him electronically at faronedmd@msn.com.**

Please note that our Bylaws state that: No nominee who is not a member in good standing of the American Dental Association, or its equivalent, shall be eligible for membership in any class (Associate or Active Fellow).

3. The Donated Dental Service Program is still looking for more volunteers, both general dentists and specialists. The program enables dentists to reach out to New York's most vulnerable residents – elderly, disabled and medically compromised people – who desperately need comprehensive dental care that they cannot afford. All patients are prescreened for eligibility and the volunteer dentist is never under any obligation to accept referred patients. The dentist determines the treatment plan and no extra paperwork is produced for the office staff. Funding for the program has been cut out in New York State but the city program is still in effect and the waiting list is growing.

Consider signing up by going online to www.nfdh.org or calling 888 471 6334 today!

THE WALLETECTOMY: EMBEZZLEMENT IN THE DENTAL PRACTICE

PAT LITTLE, DDS

While the majority of dental teams are loyal and honest, it only takes one desperate individual to financially ruin a dental practice.

While internal controls are useful and important, they have limitations and may not be as effective as the doctor thinks. Many doctors fail to discover fraud and embezzlement until significant damage has occurred.

Learn how to mitigate damages by recognizing important warning signs associated with embezzlement and fraud by understanding the characteristics and behaviors of an embezzler. Dr. Little, Certified Fraud Examiner and accountant, shares actual embezzlement cases as teaching tools that take you into the mindset of an embezzler. In this eye-opening, fast-paced course, attendees gain techniques and tools to help protect financial assets in the practice and bring greater peace of mind.

As both a dentist and accountant, Dr. Pat Little brings a unique blend of skill and experience to his presentations which focus on strategies for reducing financial and data security risks. Dr. Little also provides dental transition consulting to help dentists maximize practice value. He integrates his accounting and financial education with over thirty years of varying dental experiences including starting two private practices from “scratch.”

Dr. Little is an engaging and entertaining trainer who presents well-informed and technologically up-to-date programs while converting complicated (and sometimes scary) material into “plain English.”

Educational Objectives:

At the conclusion of the program, participants will be able to:

1. Recognize the profile of a typical embezzler
2. Understand what leads to embezzlement in dental offices
3. Analyze the strength and limits of internal control strategies
4. Identify the additional actions doctor’s need to take beyond internal controls
5. Gain access to a behavioral assessment which helps identify and flag behaviours

Disclaimer:

1. To our knowledge and based on information received from Dr. Pat Little, there are no financial relationships between Dr. Pat Little and any commercial sponsors.
 2. All clinical activities offered are grounded in scientific evidence that is accepted within the profession of dentistry and any known risks and benefits of any clinical recommendations discussed in the CE activity will be presented.
