6:00 p.m. Reception

6:45 p.m. Dinner

8:00 p.m. Presentation of Endowment Fund Lecture

*All members are invited to attend Board of Directors Meetings

FELLOWSHIP MEETING NOTES:

1. We look forward to your joining us at the meeting on February 7th. During the reception, poster presentations will be given by the Student Summer Research Project award winners for 2018. Their posters will be in the Library so be sure to stop by and visit with the students. This year we have projects from students at Columbia University College of Dental Medicine, New York University College of Dentistry, Stonybrook University College of Dental Medicine, Rutgers School of Dental Medicine and Touro College of Dental Medicine.
2. Fellowship Chair Dr. Egidio Farone, and his committee, are continuing to evaluate applications for nomination to Fellowship in our Academy. As we now have open enrollment, it's always the time for you to consider colleagues who might be eligible for Fellowship. Applications can be acquired online at our website: www.nyaod.org, then click on Membership and How to Nominate a New Member. The protected password for members is 'Ethics'. Or call Carol Bensky at 201 440 4498. All application materials must be emailed back to Dr. Farone. **NYAD policy is that all application materials be sent to him electronically at dr.farone@msn.com.**

Please note that our Bylaws state that: No nominee who is not a member in good standing of the American Dental Association, or its equivalent, shall be eligible for membership in any class (Associate or Active Fellow).

3. At our February meeting, we are looking forward to having the new Associate Fellows join us. The following Associate Fellows will be welcomed: Drs. Danielle Currier, Kelsey Karsten, Philip Klein, Chad Lazar and Neal Lehrman. They will all be officially inducted on that date.
4. The Donated Dental Service Program is still looking for more volunteers, particularly general dentists. The program enables dentists to reach out to New York's most vulnerable residents – elderly, disabled and medically compromised people – who desperately need comprehensive dental care that they cannot afford. All patients are prescreened for eligibility and the volunteer dentist is never under any obligation to accept referred patients. The dentist determines the treatment plan and no extra paperwork is produced for the office staff. Funding for the program has been cut out in New York State but the city program is still in effect and the waiting list is growing.

Consider signing up by going online to www.nfdh.org or calling 888 471 6334 today!

5. REMINDER!!!!!!

The April meeting of the New York Academy of Dentistry is our social meeting and is open to all members and their guests. This year the meeting will be on **Thursday, April 18th** at the Union League Club and the speaker will be Mr. Bill Thompson, previously a candidate for Mayor of New York City, and served for two terms as comptroller during Michael Bloomberg's term, he is currently Chair of the City University of New York Board of Trustees.

**EVIDENCED BASED PRINCIPLES FOR SUCCESSFUL INDIRECT
RESTORATIONS FROM PREPARATION TO CEMENTATION**

ALAN ATLAS, DMD

This course will demonstrate concise step-by-step treatment planning guidelines that fulfill esthetic demands and integrate current adhesive restorative materials with digital technology as well as conventional clinical protocols. Procedures and techniques for esthetic and functional success with high strength ceramics and CAD/CAM technology will be reviewed and demonstrated with the Dental Microscope HD Video, based on the most current scientific evidence to assess what factors most influence clinical outcomes for ceramic based restorations.

Educational Objectives:

1. Demonstrate clinical protocols for anterior and posterior ceramic based restorations from preparation to cementation
2. Demonstrate how precise preparation can improve scanning and milling procedures as well as conventional impressions
3. Describe innovative methods to improve efficiency and profitability for single crown procedures

Dr. Alan Atlas received his DMD degree from the University of Pennsylvania School of Dental Medicine and currently serves there as Clinical Professor in the Department of Endodontics and the Department of Preventive/ Restorative Sciences. He is Director of the Endodontic-Restorative Microscopy and Technology Clinic, teaching students precision restorative dentistry utilizing the dental microscope and digital technologies. Dr. Atlas is actively involved in the development and integration of research studies for dental materials, ceramics and dental implants. His presentations span worldwide including China, Africa, Australia, Saudi Arabia, Japan, Korea and Europe. Dr. Atlas maintains a full-time private practice dedicated to esthetic and comprehensive restorative dentistry located in Philadelphia, PA.

Disclaimer:

1. To our knowledge and based on information received from Dr. Atlas, there are no financial relationships between Dr. Atlas and any commercial sponsors.
 2. All clinical activities offered are grounded in scientific evidence that is accepted within the profession of dentistry and any known risks and benefits of any clinical recommendations discussed in the CE activity will be presented.
