

A Division of Glatfelter Insurance Group

Invites you to attend the following Emergency Service Training Program

Emergency Responder Safety Instructor Level

This program was initially developed to benefit fire, EMS, and rescue chief officers as well as safety officers, training officers, and drivers of emergency vehicles. Newly revised, it is the next logical step in addressing safe emergency response after initiating a driver training program. It is designed to reveal the dangers of emergency response and the adverse effects on emergency service organizations that result from emergency vehicle accidents.
