Product Code: 289-060  
Package: 50 pcs/pk; 40 pks/ctn  
GTIN 19337244001783

### Q & A

**Q: Is this cup waterproof ?**

A: Yes, it is waterproof and also proof to alcohol based solutions.

**Q: Is this product biodegradable ?**

A: It is not 100% Biodegradable, but 98% paper can be recycled or composted easily, while the other 2% is plastic film which is normally collected for recycling purpose.

**Q: Does the product have measurement ?**

A: Yes, we are glad to advise you the product got measurement up to 60ml with 5ml increment.

**Q: How the measurement put on the cup ?**

A: We use food grade waterbed ink to print on the inside surface of paper, the coated with plastic on top. It prevent the ink to react and contaminate liquid medication, and also the measurement can always stay clear and won't be rubbed.

**Q: How to dispose this product ?**

A: Unless clinically contaminated, this product shall be put into recycle bin as all components are recyclable.

**Q: How does it compare with a plastic cup in terms of impact on the environment ?**

A: As our cup got 98% in paper, comparing with 100% plastic cup at the same size, we create much less plastic rubbish and less Co2 emission.
