# Etiflex® MOLDED LABELS

THE MOST DURABLE, THE MOST READABLE  
Caution, Emergency & Instruction Labels

Etiflex labels are relied upon around the world to help protect workers, record dates and inspections, guide people to safety during emergencies and to help rescue crews to do their jobs. From airliners and ships, to construction, warehouse and factory personnel, the professionals rely on Etiflex labels to help them get the job done.

Etiflex's unique three dimensional design, matte finish, and exceptional durability make them the go to choice for applications where Safety is involved. From simple product use instructions and warnings to equipment used during an emergency or rescue, the molded three dimensional letters are what make Etiflex brand labels superior.

With our many ways of attaching the labels: from lanyards, stitching, heat sealing or welding, to pressure sensitive adhesives, an Etiflex label can be put exactly where it is needed. Our labels can also incorporate our patent pending, permanent marking system that allows the user to record the in-service date, inspection dates and serial numbers. The ability to add RFID technology for tracking and record keeping is a key component assuring that the equipment is serviceable and ready to operate.

With Millions of Etiflex labels in service all over the world in some of the most demanding environments, you can be sure that we have the in the field experience and the right solution to help you design a custom label and attachment that will work for you!
