

# AGILE CLOUD CONNECTIVITY FOR A SMOOTH PATH TO DIGITAL BUSINESS TRANSFORMATION

## POWER DIGITAL TRANSFORMATION WITH AGILE CLOUD CONNECTIVITY AND MAXIMUM BANDWIDTH UTILIZATION ACROSS ALL APPLICATIONS

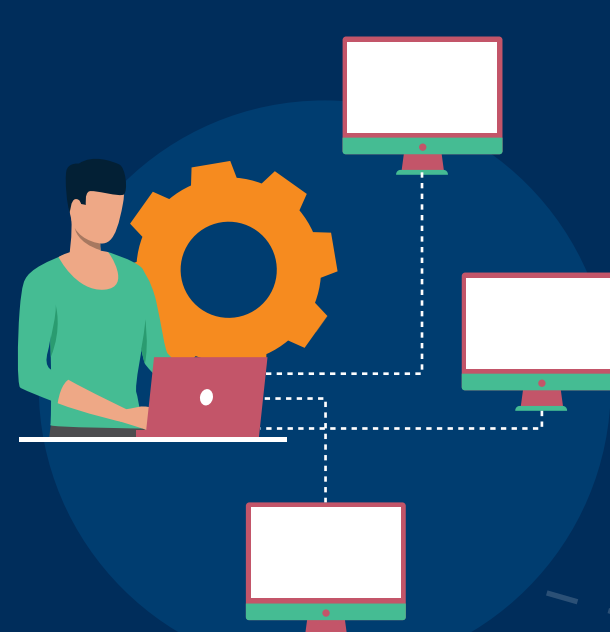

### Predictable, Low Network Costs

- ✔ Zero Capex + Low Predictable Fee = Zero Surprises

### Simple Branch Office Turn-up

- ✔ 30 Minutes for installation
- ✔ Minimal operational involvement - Everything is managed and calibrated from Adaptiv | Cloud portal

### Minimal Network Management Skills

- ✔ No on-site techs! Adaptiv certified MSP experts proactively manage your network

### Failover Protection from Network Downtime

- ✔ With a split second response time, keep all applications, transactions and voice calls connected with zero packet loss

### Crystal Clear Voice and Video Calls

- ✔ Network layer intelligence reserves and prioritizes traffic
- ✔ Experience crystal clear real-time video/voice even during peak periods of network congestion

### Multi-Cloud Connectivity

- ✔ Fast and responsive access
- ✔ Enjoy lower latency and higher productivity powered by our intelligent cloud network

### Network Visibility and Control

- ✔ Visualizations and reports to see real-time quality and availability for sites, services and links
- ✔ Get insights on performance and utilization

### Abundant Bandwidth

- ✔ Easily scale bandwidth requirements, even for remote sites with no fiber availability by simply adding another link
