

Maestro is a unique sit / stand desk: one frame for multiple top sizes, packed in sturdy, handy cardboard boxes. The frame is telescopic and easy to assemble.

With an adjustment range of 65-130 cm, Maestro meets all the required standards. The extremely quiet height adjustment, with 2 motors, also ensures an extremely pleasant way of working in the most quiet areas. This makes Maestro the ideal sit / stand workplace: for the office, home, study room or workshop.

MARKANT

Maestro product sheet
